U. S. Merchant Vessels May Be Armed Quickly; Nazi Credits Frozen

Welles Declares America Won't Bow To 'Bluster And Threats'; Waters Off New York Are Mined

WASHINGTON —(P)—Arming of American merchant vessels was predicted in well-informed congressional circles Saturday after Sumner Welles, undersecretary of state, declared the United States would maintain its insistence on freedom of the seas despite German "bluster and threats."

One legislator, unwilling to be quoted by name but high in administration confidence, said that in view of the circumstances of the sinking of the freighter Robin Moor "the President is going to have to arm our merchant ships and tell them to protect themselves."

At the same time, the gravity of the current world situation was emphasized by a navy disclosure that waters off New York harbor are to be mined immediately.

The army, which has charge of harbor defenses described it as primarily a practice operation but the navy noted in formal advice to shipping that "when loaded mines are planted the area will be patrolled constantly." The mine planting it was said, would take place between June 15 and Sept. 30.

TOP MEXICAN RADIO STATION NOW SEIZED

Villa Acuna's XERA 180,000-Watt

MEXICO CITY —(P)—President Avila Camacho has ordered expropriation of the most powerful radio station in Mexico to "dedicate it to the service of the nation," it was disclosed officially Saturday.

The station is 180,000 watt XERA at Villa Acuna, Coahuila state, just across the frontier from Del Rio, Texas, whose programs were well known in the United States.

American-Owned?
Informed sources here reported American citizens owned XERA, but the presidential decree mentioned no names.

The chief executive's first expropriation order since assuming office last December ordered the owners indemnified within ten years. An inventory and evaluation will be undertaken at once, it was reported.

A bulletin from the government information office said the president acted after the Ministry of Communications cancelled the concession of the Mexican Frontier Broadcasting Company (Compania Mexicana Radiodifusora Fronteriza), which operated the station, for "not complying with the communication laws."

Already In Possession

The government bulletin said agents of the Ministry of Communications already had taken possession of the station to "conserve the property."

An official of the United States embassy said they had been advised of the expropriation, but were contemplating no immediate action.

US Auto Industry's Over-Seas Holdings Too Vast To Count

DETROIT —(P)—Extent of the automobile industry's holdings abroad, likely to be affected in retaliation for President Roosevelt's freezing of continental assets in the United States, is too vast for an immediate estimate, industry spokesmen said Saturday night.

Principal automobile investments abroad are held by General Motors Corporation, Ford Motor Company, International Harvester Company and the Edward G. Budd Manufacturing Company.

Boom Problems

Mission Calls Mass Meeting Monday

MISSION — Problems facing the community when the expected air base becomes a reality will be discussed at an "all-out" mass meeting called for Monday night at the city hall by Jack H. Drake, manager of the Mission Chamber of Commerce. Location of army aviation training base northwest of Mission has virtually been assured, leaders in the community believe, and the expected increase in population will bring about many problems. These problems can best be solved through community co-operation, members of the industrial and building committees of the chamber believe.

At Monday night's meeting, an explanation of the problem will be made and open discussion invited for their solution. No funds of any sort will be solicited, it was stressed. Chamber members, business leaders and citizens in general, are urged to attend the meeting, called for 8 o'clock in the city hall auditorium.

Vichy Claims Syrian Front Holding

DAMASCUS IS HIT

Surrender Demand Curtly Refused

By The Associated Press
DAMASCUS, Syria—French warships and planes delivered a joint attack upon the British Mediterranean fleet while it was continuing a systematic pounding of the Lebanese coast, French quarters reported Saturday.

Allied land attacks were declared beaten back on all fronts in Syria and Lebanon.

The British shelling from the sea was said to be directed principally at Sidon, 20 miles below Beirut.

SYRIAN CAMPAIGN NOW SLOW MOTION CRUSADE

LONDON —(P)—Informed circles conceded Saturday night that the Syrian campaign had taken on the aspects of a slow-motion crusade with the invading Allied force cast in the role of determined missionaries willing to use oral persuasion first but ready to fight when words fail.

A Reuters, British news agency, dispatch from Cairo Friday, asserted that negotiations for bloodless capitulation of Damascus were delaying the Allied entry into the city but there have been no such statements in official quarters here.

Lebanese capital, in support of a thwarted tank-led ground assault.

4 Destroyers Damaged

It was the second reported French naval sortie of the week, two British destroyers having been declared damaged in the earlier engagement, making a total of four of this type of craft claimed damaged since the Allied invasion started.

In the Merjayoun sector, south-west of Damascus, heavy British bombing was reported, but in the Kessouh sector to the south of the capital fighting was said to have practically stopped.

British claims that negotiations are under way for a peaceful surrender of this capital and that Kessouh, keystone of the city's defenses, had been abandoned were denied officially.

The Syrian population, which is following progress of the invasion calmly, is proud of the French defense and appears to doubt that the relatively slow progress of the British since the first two days of fighting is due to British unwillingness to shed French blood.

Attackers Checked

They feel rather that a firm French stand has checked the attackers.

Although there were indications that Damascus would be declared an open city, no steps having been taken.

MAGEE, LIKE MARK TWAIN, RAPES RUMOR

HARLINGEN — It apparently started on an airliner which arrived in the Valley Saturday, and by Saturday night a report was spreading over the Valley that Carl Magee, former Valley editor, had died in Oklahoma City.

Like all good newspapermen Magee was reported to have been directly to the proper source for information and made this last comic answer to the query from Harlingen.

"Magee says he's very much alive."

Seventy thousand soldiers simulated war this week as a part of the nation's preparations for the great autumn maneuvers in Louisiana, and General McNair flew down from Washington to observe and report.

He was well satisfied.

"It is not simple to make 70,000 men act smoothly and perform as a corps," he said. "The men did well but they were by no means perfect. By making these mistakes, however, everyone learns."

Citing one of the errors, General McNair said one of the competing units launched a tank attack, "which of course was quite a shock to the other side. Well,

Mrs. Upton G. Sayle, above, was freed on \$3500 bond on a murder charge in connection with the gunshot death of her opium-trust husband in a garage apartment back of his Commerce, Texas, office. Sayle's brother, Dr. Frank Sayle, said he found his mortally wounded brother after Mrs. Upton Sayle ran down stairs screaming, "Upton has shot himself."

VALLEY DOPE RING BROKEN BY ARRESTS?

Six Men Nabbed And Marihuana Found

MATAMOROS—Six men were jailed and 13 pounds of marihuana seized Saturday afternoon in a series of sweeping raids that smashed a dope peddling ring which vended to the United States.

One cache, consisting of 23 carefully wrapped packages of marihuana, was found in a structure near the Rio Grande river, not far from the International railroad bridge.

6 Homes Raided

Headed by Rodolfo Bazan, chief of police, and Teodoro Passemont, detective chief, federal agents, city and state police swooped down on a half dozen residences described as depots, where the marihuana was brought in by persons who grew it on outlying farms.

Chief Passemont said the series of raids had a direct connection with the recent seizure in Brownsville of a quantity of marihuana, taken from a youth boarding a train here. The youth and two women were arrested on charges of possession of marihuana.

The arrests in Matamoros Saturday are only the beginning, Matamoros authorities said, with more raids on marihuana depots expected to take place Saturday night and Sunday.

Held For Questioning
The six men arrested were being held for questioning by Mexican federal authorities, and will be charged for violation of federal statutes, officers said.

In one place, the raiders reported, two men were seized in the act of manufacturing cigarettes by mixing marihuana with tobacco. In the other cases, they seized marihuana "pellets" which are rolled out on cigarette paper and then shaped to cigarette form.

U. S. Shipbuilders Changing Merchant Ships To Carriers

NEWPORT NEWS, Va. —(P)—United States shipbuilders were dispatched Saturday to be turning merchant vessels into "escort" airplane carriers with only 90 days' work in an urgent drive to put more anti-submarine fire power into service.

First of the new fleet of carriers equipped for convoy work — the U.S.S. Long Island — was completed recently and already is at sea. The Long Island, formerly the merchant ship Mormacmail, was turned into a carrier in three months at the yards of the Newport News Shipbuilding and Drydock Company.

Warships To British Is Urged By Pepper

WASHINGTON —(P)—A suggestion that the navy send warships across the Atlantic to combat any Nazi attempt to invade Great Britain came Saturday from Senator Pepper (D-Fla.), advocate of more active aid to England.

Pepper said in an interview that powerful fleet units also should be kept near the strategically important areas of Dakar, West Africa, the Azores and the Cape Verde Islands.

On the whole, the general said, "the men are better than the officers. The soldier absorbs better than an officer with limited experience," he added.

"The officers have a great responsibility. They must have special military knowledge, and it will be the fault of the officers and not the soldiers if we don't make an army of them."

JAPAN SAYS SHE'LL FIGHT AGAINST U. S.

Mussolini's Speech Is Endorsed

TOKIO STIFFENS

Nazi Collaboration Is Reaffirmed

By The Associated Press
ROME—Japanese Foreign Minister Yosuke Matsuoka Saturday endorsed the speech Premier Mussolini made Tuesday before the Chamber of Fasces and Guilds in which he said Japan "would not remain indifferent in the face of American aggression against the Axis."

Shares Duce's Viewpoint

In a message through the Italian ambassador in Tokyo, Matsuoka stated that "I share completely the Duce's viewpoint insofar as Italian-Japanese relations are concerned," and he then remarked that "it is superfluous to add that the whole Japanese people without any doubt, share my feeling."

Matsuoka declared that collaboration with Germany "cannot be disturbed by any country or man." After congratulating Duce for Italy's "splendid successes" on "all battlefields," Matsuoka added:

"It is absolutely certain this solid collaboration with Germany, which cannot be disturbed by any country or man, will bring to a finish the common mission which was the original purpose of the German-Italian alliance and which afterwards was clearly specified further by the Tri-Partite Pact."

As this reaffirmation of the ties of the Rome-Berlin-Tokyo pact was being made, little Croatia, set up as a kingdom with an Italian monarch after the fall of Yugoslavia, appeared about to join in signing the treaty.

Sign At Venice

Political circles said that the pact would be signed at Venice, where Italian Foreign Minister Count Galeazzo Ciano, Prince Otto von Bismarck, German minister, and Croat Minister Cistjeper Peric arrived Saturday.

(Simultaneously Berlin announced that German Foreign Minister Joachim von Ribbentrop was going to Venice. The purpose of the trip was not stated immediately.)

FIRST COTTON PESTS FOUND

Two Pink Bollworms Taken In Mexico

McALLEN — Discovery of two pink bollworms, the only specimens located this season in this cotton producing area bordering both sides of the Rio Grande, was reported Saturday by the control project's Valley office at McAllen.

The worms were found at Los Arrados ranch, five miles west of Matamoros, during the annual bloom inspection there. No other signs of infestation by the bollworm were found in this section, F. L. Jeffery, assistant chief of the project, said.

Discovery of the worms was made almost at the inauguration of the bloom inspection in the Matamoros section May 16. Verification of the species was received from the federal department at Washington Friday.

Bloom inspection work was carried on in the Mexican cotton center in line with the program of inter-cooperation the two countries are following on pest control projects. Inspection of blooms for this season has been discontinued except in spotted areas in the Texas Valley.

Department of agriculture officials here said no damage has been done the cotton in the Tamaulipas section bordering the Rio Grande during recent severe rains and hail storms in Mexico's cotton areas.

Joe T. Cook Named To Press Committee

HARLINGEN—Joe T. Cook, editor of the Mission Times, was elected a member of the executive committee of the Texas Press Association Saturday at annual meeting of the association held in Galveston, according to an Associated Press dispatch. Cook's weekly paper, winner of numerous awards during the past several years, tied with six other weeklies for the W. N. Beard cash award for "best set ads 30 inches and over."

The Alice Echo was named winner of the Dallas Morning News cup for the "best all-around" weekly newspaper.

Rift Develops Over German Relations; Army Men Don't Want To Bow To Nazis; Turkey Worried Over Latest War Moves

LONDON —(P)—A rift has developed in Soviet Russia with Premier Joseph Stalin decided upon bending to the will of Adolf Hitler in the matter of unstated demands while officers of the Red army are opposed, diplomatic quarters in Finland reported Saturday night.

Helsinki dispatches said diplomats there had heard that defense commissar S. K. Timoshenko was leading the internal opposition to Stalin's "policy of German appeasement."

This information was received as reports from Ankara, Turkey, said well-informed quarters there were in agreement that important developments in the Soviet-German nerve war are due now at any time.

Diplomats in the Turkish capital were repeating a remark attributed to Reichsmarshal Hermann Goering that "Germany needs the Ukraine for a long war against the Anglo-Saxons."

All roads leading from Rumania to her former province, Russian-occupied Bessarabia, were reported closed and mined.

Travelers arriving in Turkey from Bucharest, the Rumanian capital, said Rumanian army officers were openly boasting that they soon would regain possession of the territory former King Carol surrendered after a Russian ultimatum last June.

From 20 to 30 of the 120 German divisions massed on the German frontier were reported by these travelers to be cavalry particularly useful in the marshy terrain they would encounter on the opposite side of the Soviet frontier.

Dispatches from Turkey said Turkish circles were deeply interested in reports that most of the German troops had left Bulgaria, presumably for Rumania.

These circles were reported to be seriously considering the possibility that Germany means to attack the Soviet, although they did not overlook that the Germans may simply be using their troops as a trade bargaining power.

Bulletins
NEW YORK —(P)—The Germans cut telephone communications Saturday night between Berlin and Bern, main relay point in neutral Switzerland for European news.

There was no indication whether there was any major significance connected with the action or whether it was another of the periodic communications blackouts imposed by the Nazis since their Balkan invasion.

LONDON —(P)—Information reaching London from Turkey late Saturday night said all roads leading to Soviet-occupied Bessarabia from Rumania have been closed and mined and that well informed quarters in the Turkish capital are in agreement that important developments are imminent. This report said there was frequent reference in diplomatic corridor conversations to a quotation attributed to Reichsmarshal Hermann Goering that "Germany needs the Ukraine for a long war against the Anglo-Saxon."

NEW YORK —(P)—A Hungarian broadcast said Saturday night that "according to reports from Istanbul the Soviets are understood to have withdrawn the concentrations of troops lined up along the Turkish frontier and to have launched moves of divisions to other fields." The broadcast was heard here by CBS.

1941 Hurricane Season Opens At Midnight

And Not A Storm In Sight Officials Report

JACKSONVILLE, Fla. —(P)—The 1941 hurricane season will open officially Sunday midnight

—with not a hurricane in sight—and the Weather Bureau is ready to take up its "round-the-clock" vigil to see that none of the great whirlwinds approaches the Atlantic or Gulf coast undetected.

From then until November 15 when the "season" for the tropical disturbances is ended, a vast web of observation posts will be on constant alert for the first signs of hurricanes and closely trace the progress of any that do crop up.

The bureau gathers its reports by telegraph, telephone, radio and a teletype system stretching from Miami around to Corpus Christi, Tex. and Brownsville.

LUMBER MILL STRIKES END?

Woodworkers Vote To Return To Work

OLYMPIA, Wash. —(P)—Relegates to a convention of the CIO International Woodworkers of America voted unanimously Saturday night to recommend to their locals that they return to work immediately in 53 Northwest lumber mills and camps.

The delegates, in so voting, accepted recommendations of the National Defense Mediation Board made Friday to national officers of the union in Washington, D. C.

CROATIA TO ENTER AXIS

Nation Formed From Old Yugoslavia

BERLIN —(P)—Germany, Italy and Japan were getting ready Saturday night to accept a new signatory to the Tripartite Pact — probably Croatia—into their fold at Venice.

Although a visit to the Italian city by German Foreign Minister Joachim von Ribbentrop was announced merely as an "official" one, the highly placed commentary Dienst Aus Deutschland observed "it is expected that membership in the tripartite accord will be extended in conformity with developments in southeast Europe."

King Is Italian

It is anybody's guess that Croatia now will follow the footsteps of Hungary, Rumania, Slovakia and Bulgaria. As Croatia's designated king is Italian, Venice obviously seemed a more fit place for the act of joining than Berlin or Vienna, which almost have become traditional for state acts of this kind.

Meanwhile, the head of old Goettinger University helped intensify cordial relations between Germany and Japan by conferring an honorary doctor's degree on Japanese Ambassador Hiroshi Oshima "in recognition of his services for deepening relations between Germany and Japan."

Obviously studied secrecy obscured German-Russian relations.

To some observers the daily press conference had an element of surprise in that authorized queries in no wise angrily rejected the query whether Russia might join the Tripartite Pact, but merely said: "We can not discuss."

Johnson Ahead? State-Wide Poll In Race Conducted

HARLINGEN—A state-wide poll taken by Frank Baldwin, editor of a Waco newspaper, showed that Lyndon Johnson was leading candidate in the senatorial race with 25.30 per cent of the 24,200 votes counted. Gerald Mann was a close second with 25.15 per cent; Governor O'Daniel was third with 17.64 and Martin Dies ran fourth with 15.87 per cent. Undecided voters numbered 15.84 per cent. The recent poll taken in the Valley (which showed Dies leading in this section) was included in the Waco straw vote.

Beaumont Shipyard Launches Motorship 113th On US' Slate

BEAUMONT, Tex. —(P)—The second U. S. Maritime Commission ship to be launched here and the 113th in the nation's 500-ship long range program, slid down the ways at the Pennsylvania Shipyards at 4 p. m. Saturday.

She is the motorship Cape Hatteras, a C-1 type cargo vessel. The Cape Hatteras will join her sister ship, the Cape Lookout, launched here early this year, alongside the shipyard's docks to be fitted out. The Cape Lookout has been taken over by the navy to be converted into a troop transport.

Concessions Expected

In this connection it was recalled that a Berlin dispatch Friday by EFE, Spanish news agency, said far-reaching economic concessions in the Ukraine by Russia were to be expected. This dispatch said it was probable several Nazi motorized divisions had been concentrated on Stalin's border line to impress him with the advisability of listening to Hitler's plea.

An NBC broadcast by Martin Agronsky, the chain's correspondent in Turkey, said it was reported by diplomatic travelers reaching the Turkish capital that German troops were making frequent scouting expeditions across the Rumanian border into Bessarabia.

Assurances given Ankara last night that Germany "never demanded and does not intend to demand military transit through Turkey" and the advisability of listening to Hitler's plea.

BRITISH SINK SEVEN VESSELS

Nazi Raiders Fail To Shake Loose

LONDON —(P)—British submarines were officially reported Saturday to have sunk seven Axis vessels and damaged three others in the Mediterranean and fresh blows were recorded against German efforts to get Nazi surface raiders loose in the Atlantic.

"Attacks not only have been carried out at sea," the admiralty said of the Mediterranean warfare, "but our submarines have sought out the enemy and destroyed him in his harbors."

By gunfire or torpedoes, the admiralty reported, British undersea craft raiding Axis communication lines between the Italian island of Lampedusa and the Aegean sank an armed Italian trawler, four schooners, a large supply lighter and a fully-laden supply ship of about 1,000 tons.

In other raids, it was claimed, an Italian armed merchant cruiser and two tankers, of 5,232 and 8,000 tons, were damaged by torpedo hits, and the largest tanker was "almost certainly" sunk.

Harbors of Lampedusa, which lies south of Sicily; Bengasi, Libya; and the Aegean island of Mytilene were

TEXAS WAITS GOVERNMENT PENSION AID

Fund Sought To Make \$18.50 Payments

AUSTIN—(P)—The state old age assistance administration Saturday awaited the federal government's answer to a request for federal funds to match additional state money made available to offset cuts in benefit payments.

J. S. Murchison, director of the Public Welfare Department, conferred in San Antonio with regional officials of the Social Security Board on the proposition of obtaining sufficient federal aid to pay an average June grant of \$18.50.

Murchison announced the regional office's review of the Texas legislature's emergency appropriation should reach Washington Monday morning.

"However, it takes time to get final approval on such matters and for the United States treasury to get a check back to Texas," he added.

Unless additional federal money is made available June checks will average \$9.50, compared with \$11.57 in May.

Benefit checks usually are mailed about the 15th of the month but it was believed June checks would be delayed at least a week.

STALIN FACES ARMY SPLIT?

(Continued from Page 1)

the simultaneous maneuvers in Rumania were declared in Turkey dispatches from the Turkish capital to bear "the hallmark of the Wilhelmstrasse."

The German assurances, included in a Berlin dispatch of the official Turkish news agency, Agence Anatolia, declared "the Reich neither attempted to menace Turkey's security, nor had any intention of making demands contrary to the will of the Turkish public or the dignity or the interests of the Turkish nation."

Turkey With Russia

In the event of war, Turkey's relation to Russia was held in Turkey to be defined by the Soviet-Turkish friendship and neutrality pact, which was recently reaffirmed.

Under that agreement, the Soviet Union gave Turkey a pledge of benevolent and helpful neutrality in case the Turks are attacked by Germany. It in effect also assured Turkey of full Russian material aid against German troops should Turkey be plunged into war to defend the Dardanelles, gateway between the Mediterranean and Black seas.

Informed quarters in Ankara were quoted as saying Germany was fully aware of the Soviet commitments and was trying to strengthen her hand against Russia by stressing German-Turkish friendship with last night's overture.

A general mobilization of Rumanians was reported, with the standard age limit lowered to permit more youths to join the colors.

Precautionary measures against bombing were declared taken in both Bucharest and the Black Sea port of Constanta, although their populations were reported to have been advised the danger, if it comes, will "last only ten days."

"Peace And Amity"

In an official statement denying anything but peace and amity existed between Moscow and Berlin, Tass, Soviet news agency, referred to "the dispatch of German troops into northeast Germany" and informed circles said this was an unusual occurrence.

"It is very peculiar to see Russia reporting on the meaning of German troop movements," one source said, pointing out that a government rarely commented on the military maneuvers of another.

Regarding the Tass statement that the most alarming interpretations of the German movements in Eastern Europe appeared to originate in London, it was added that no attention had been directed to them until they achieved consistency and scope.

Informed circles held that Hitler had become convinced of the "vast magnitude of United States help to Britain" on the scales of war and sought, by peaceful means if possible, to gain access to unexploited Russian resources for industry and food.

listed as the scenes of much of this activity. The period covered was not disclosed.

Elsewhere, the British announced, berths of Nazi warships at Brest again were bombed heavily overnight and the seventh ship from the sunken Bismarck's flotilla was destroyed.

Britons generally assumed that a northbound German pocket battleship reported torpedoed amidships in a plane attack off Norway Friday probably would be out of commission for months.

Neither the air ministry nor the admiralty offered further word on this 10,000-ton target of coastal command fliers—apparently either the Admiral Scheer or the Luetow—which was last reported nosing homeward at a third of her normal speed of 26 knots.

The air ministry said, however, that strong bomber forces had battered the berth of the 26,000-ton battleships Schornhorst and Gneisenau and a Hipper class cruiser at Brest.

The destruction of a sixth auxiliary ship of the Bismarck brought to seven the number of her associated vessels sunk since the 35,000-ton German battleship was cornered and sent to the bottom three days after she destroyed Britain's 42,100-ton battle cruiser Hood.

U. S. TO ARM ALL VESSELS

(Continued from Page 1)

the 11 survivors—due here by clipper Monday—have been carefully studied.

It was believed that any such step as the arming of American merchant men would be deferred until Germany replies to a stern diplomatic protest against the sinking of the Robin Moor.

This protest, it has been learned authoritatively, will be dispatched as quickly as the full facts are established. At the same time, it was predicted in informed quarters that Secretary Hull would demand restitution for the American lives and property loss and guarantee by Germany of the safety in the future of American ships on the high seas.

What the American people want to do in a very quiet and dispassionate way, Welles said in answer to questions at his press conference, is to look at the issues that are presented by the sinking of the Robin Moor—the first American vessel to be sunk by a belligerent action in this war.

The facts already very clear, Welles declared, were:

An American vessel, in accordance with the traditional and historic policy of this country was on the high seas engaged in peaceful commerce.

The vessel was in the middle of the Atlantic ocean at a point far removed from any combat area which the American people have voluntarily imposed on themselves, and not destined for any port which was within the combat area which the people of this country have voluntarily imposed on themselves.

Carried No Contraband

The ship did not carry any cargo which was considered as contraband by the United States.

On board that ship were American citizens, members of the crew and passengers, including women and children.

Within the space of a half-hour those American citizens had been forced to go into small lifeboats and counter to all the terms of international agreements which the United States and Germany are party to, and counter to every law of humanity and international morality, those American citizens were left in a position where they could not be assured of any safety.

It seems probable, Welles added, tragically enough, that three-fourths of those American citizens have been lost.

Those facts, Welles declared emphatically, are the real issues involved in the sinking of the Robin Moor.

Telephone Man Dies, Texan Is Charged

HOUSTON—(P)—Walter E. Patterson, district wire chief for the Southwestern Bell Telephone Company, died Saturday on a downtown sidewalk. Murder charges were filed against Jim H. Peyton, 40, of Greenville, after an autopsy showed Patterson died from a fractured skull and a hemorrhage.

A. C. Martindale, investigator for District Attorney Dan W. Jackson, said six witnesses in statements to him said Patterson was struck in the face once.

VISIT IN GRAPELAND

PHARR—Mr. and Mrs. J. F. Stewart and small son, Jimmy, of this city, plan to leave Monday for a vacation visit with her sister, Mrs. Jack Spence and Mr. Spence and their son in Grape Land, Texas. Joan, ten year old daughter of the Stewarts, went to Grape Land early this week to visit until her parents arrive.

C-C MEETING AT FAIR PARK

Bill Power Speaker At Annual Parley

HARLINGEN—In order to enable the large crowd expected for the annual Harlingen Chamber of Commerce membership meeting to be accommodated, the meeting will be held at Fair Park, Manager Harry Ratliff said here Saturday. The meeting will be held the night of Tuesday, June 24.

Bill Power, dynamic salesmanship expert from the Chevrolet Motor Co. organization, will be the speaker; and sizeable delegations from many Valley towns are expected to attend so as to hear him, Ratliff said. The public in general is invited to attend, especially those interested in selling.

The meeting will include a barbecue on the park grounds, said Ratliff, to be followed by the program inside the municipal auditorium. Charge will be only 50 cents.

Music Program

In addition to Power's talk, a program of musical entertainment has been arranged by the Lions club, and the nine new chamber directors recently elected by membership vote will be introduced.

George Beck is chairman of the general arrangements committee for the meeting. Dick Criss is in charge of the barbecue. Ratliff announced that advance ticket sales for the affair likely will begin here Tuesday, June 17.

"Step Out and Sell" will be the subject of Power's talk, one he has given before thousands of persons in hundreds of meetings over the United States. Power, personal representative of W. E. Holler, general sales manager of the Chevrolet Motor Division, spoke in the Valley a few months ago, addressing a Valley Chevrolet sales group in meeting at Brownsville.

Power Promoter

Power's entire time is spent in special promotional work and salesmen's training. He has covered the entire country some five times; delivering not only an inspirational message, but filling his talks with specific information designed to broaden the operations base of every salesman who hears him. In addition, he distributes the ideas found in one section of the country for trial by salesmen in other sections. Last year he addressed more than 24,000 people at mass meetings averaging one per day throughout the entire year.

Ickes Calls Parley Of Oilmen Thursday

WASHINGTON—(P)—The petroleum industry was invited Saturday by Interior Secretary Ickes to send representatives here on Thursday for talks with the government on means of averting the threatened oil famine in the east.

Ickes, defense petroleum coordinator, said it was intended to have a "full discussion of the problems confronting both my office and the industry."

LEAVE FOR EAST TEXAS

COMBES—Mr. and Mrs. A. R. Davis have had their daughter and husband, Mr. and Mrs. Fitzpatrick, as guests during the past few weeks. The latter two left Wednesday for East Texas. Mrs. Davis has recently been confined to her home with a severe attack of arthritis, and expects to leave soon for a higher climate.

New Pipeline Planned

Petroleum Coordinator Harold Ickes is studying a plan to construct 4,450 miles of pipelines to avert petroleum transportation shortage. One line would run from Port Arthur and Texas City to New Jersey, carrying 250,000 barrels of gasoline a day. Another from Illinois to New Jersey would carry a like amount of crude. A third from Portland, Me., to Montreal, would eliminate 2,000 miles of water transport. Work is now underway on a gasoline line from Baton Rouge to Greensboro. This may be extended to Norfolk. Another line (broken line) from Port St. Joe to Chattanooga, is completed except for crossing several railroad rights of way.

Pappy Vetoes Bill To Make Drunk-Driving Misdemeanor

AUSTIN—(P)—Governor W. Lee O'Daniel Saturday vetoed a bill which would make the first offense of driving while drunk a misdemeanor.

In a 2,000-word message discussing his objections, the governor declared the bill would encourage the use of intoxicants and increase automobile accidents.

The measure, pushed through the legislature by members who contended it would bring about more convictions for drunk driving, provided that the first offense would be a misdemeanor punishable by jail sentence or fine and subsequent offenses would be felonies punishable by prison term of one to five years.

Sponsors of the measure said juries were reluctant to convict a first offender of a felony.

The governor said he was opposed to the proposed change which would "require the state to prove in each case that the defendant was not only partially under the influence of intoxicating liquor but was entirely under the influence."

He said that was the effect of striking from the existing statute the words "in any degree" before the words "under the influence of intoxicating liquor."

The governor also objected to a provision requiring that before a drunken driver may be convicted of a felony he must have first been convicted of a misdemeanor under the new law.

Russia. There's no 'actual' element in the current situation which might make such discussion desirable or necessary."

"Creative Pause"
It was obvious that Germany once again regards herself in the midst of what Hitler calls a "creative pause."

In such times, an authorized commentator observed, "the lack of clarity some times is not the worst thing."

In other words the Nazi regime, fond of surprises, does not mind the whole world discussing German-Russian relations, the possibilities of the invasion of the British Isles, the status of French-German and Spanish-German relations and the progress of the African campaign.

UNDERGOES OPERATION

MISSION—Bob Turner, son of M. and Mrs. R. L. Turner, is recovering at the County-City Hospital in Edinburg from an emergency appendectomy operation performed Monday night. He was carried to the hospital in a McAllen ambulance late Monday night.

MIDWESTERN TRIP

EDCOUCH—Mr. and Mrs. W. C. Pearcey plan to leave Monday for an extended trip in the north. They expect to visit at St. Louis, Mo., Toledo and Bowling Green, Ohio, and points in Ind. Mrs. Emma Carter, Mrs. Pearcey's mother, will stay with the H. C. Carters during the Pearcey's absence.

FLAGS BEDECK VALLEY TOWNS

Brownsville Program Ends With Rites

HARLINGEN—Valley cities were decked with flags Saturday in observance of the 164th anniversary of the American flag's adoption. Principal celebration was staged in Brownsville where a week-long program was climaxed with a public ceremony at the Elks hall.

The main address was made by Herbert Davenport, Brownsville attorney, who stressed that "Old Glory stands for the only nation dedicated to the thought that all men are born free and equal."

The exercise opened the presentation of colors by members of the Texas Defense Guard. Mrs. Mildred Hazelwood, accompanied at the piano by Charles Thomas, sang two patriotic numbers and members of the Elks lodge presented a ceremony depicting the history of the flag.

U. S. Army Rejects 'Live' Shells Idea

WASHINGTON—(P)—The War Department rejected as "fantastic" Saturday a suggestion that a small quantity of live ammunition be mingled with blanks to inject realism into this year's army maneuvers.

A formal statement was issued after the suggestion, advanced anonymously by officers at war games in progress at Camp Hunter Liggett, Calif., had prompted sarcastic comment in Berlin.

Interpreting The War News

Did Vichy Guess Wrong?

One Year Ago France Fell And Expected British Defeat; Score Even So Far

By KIRKE L. SIMPSON

A year ago next Tuesday France collapsed under the rending attack of a German blitzkrieg and left Britain fighting alone against her Axis foes.

On that June 17, the French hero of the World War, old Marshal Pétain, took over control of French destiny as chief of state—and sued for peace. A week later the Franco-German armistice was signed. In the same setting where the World War ended in a German surrender at Compiègne.

Yet it is clear now beyond challenge that the prime expectation in the minds of Pétain and the group which created the defeatist regime of the "men of Vichy" has not been realized. France is not at peace. England has endured for a full year despite the added perils arising from the utter collapse of her ally.

ROBERT SAETA RITES SUNDAY

Pharr Youth Fatally Hurt In Crash

ROBERT SAETA

PHARR — Funeral services for Robert Saeta, 21, who was fatally injured when a truck hit his motorcycle near College Station Friday, will be held at the Catholic Church in Pharr at 5 o'clock Sunday afternoon.

Services are open to friends, members of the family said. Burial will be at the Pharr cemetery. Father Jose Aspiroz will conduct the services.

Saeta was injured about the body and head when the motorcycle he was riding was hit about 4 a. m. by a truck driven by John Mashek of West. He died in an ambulance before reaching the hospital.

Negligent homicide charges have been filed against Mashek by Sheriff Horace Reed of Brazos county.

Saeta had just arrived from Pharr to enter summer school at Texas A. and M. College.

He is survived by his parents, Mr. and Mrs. Antonio Saeta, a sister, Marjorie, and a brother, Francisco. The body was to arrive from College Station Sunday morning.

Mission Times Wins Prize For Best Ads At Pressmen's Meet

MISSION—Texas Press Association annual awards named at the convention in Galveston this week-end listed the Mission Times, weekly newspaper, as having won the first prize in the best set advertisement division. The award carries a \$20 cash prize.

Joe T. Cook, editor of the Times, who is attending the convention, was the only member elected to the executive committee of the state organization.

Police In Missouri Devise Drunk Test

SPRINGFIELD, Mo.—(AP)—Springfield police have devised a new test for drunkenness they say is better than walking a straight line.

An officer tosses a coin on the floor and the suspect is told to pick it up. The manner in which he stoops and fetches it is noted carefully. It has to be done without weaving.

Then he is asked to read a page of fine print. The officers observe closely any defects in pronunciation and eye movements.

City Guest Pays Up Like Little Soldier

LEXINGTON, Ky.—(AP)—J. R. Binford, Versailles school superintendent, was guest of honor at a Lexington luncheon and Mayor T. Ward Havelly presented him with a key to the city.

Later, Binford returned to his parked automobile and found a traffic ticket.

He went at once to police headquarters, paid the fine and said nothing about having the key to the city in his pocket.

Pineapple In Hiding

RETURN TO HOMES

LA FERIA—Miss Mary Fay Hammond and Miss Dorothy Crutchfield have returned to their homes in Mart, Texas, and Memphis, Tenn., after a visit with Miss Carolyn Wallace. Miss Hammond received her B. A. degree at graduation program of Baylor University on June 2.

Britain still holds every foot of the vast empire she held a year ago. She has taken an empire from Italy in East Africa, restored Haile Selassie to his throne in Ethiopia, beaten off German attacks on England, balked Italian and Axis assaults on Egypt and begun, with Free French allies, the occupation of French-mandated Syria.

Bracket all that against British reverses on the continent from Norway, Flanders and France to Greece and the score with the Axis shows less one-sided than stunningly swift Nazi land victories on many fronts would imply. The men of Vichy miscalculated British powers of resistance a year ago as badly as they misjudged American will to aid Britain. They surrendered too soon.

Victory Hopes Brighter

There are other factors now looming also to bolster Prime Minister Churchill's recent prediction that if Britain can hold on for another six months, until winter comes, her chances of ultimate victory will be bright indeed. Not even new menaces for her in the Mediterranean, in North Africa, in Syria with the fall of Greece and Nazi capture of Crete change the ultimate fact, ringingly proclaimed by President Roosevelt, that unless the Axis powers can "capture" the British Isles, their final defeat is certain.

That is the dominant element of British war policy and of American aid-for-Britain efforts. And as the first fateful year of Vichy subservience to German will ends, signs are not lacking that the battle of Britain, the battle of the Atlantic upon which the fate of Britain hangs, has turned a corner in British favor.

Churchill has given an advance intimation of British sea losses in the Atlantic in the month of May. It was Britain's "best month" of the 1941 campaign, he told Parliament, presumably both in British destruction of enemy shipping and in decreased British losses.

PAPPY SIGNS OK'D BILLS

Deficit Financing Put To Vote?

AUSTIN—(AP)—Governor W. Lee O'Daniel Saturday approved and filed with the secretary of state a score of bills and resolutions passed by the legislature.

Although his signature was not required to make the measure effective, the governor signed a resolution submitting to the voters a proposed constitutional amendment to stop deficit-financing after January 1, 1945.

If approved by the voters at the next general election, the amendment would prevent appropriations taking effect unless adequate revenue was available or forthcoming.

The executive approved a bill appropriating \$1,186,555.58 a year for the teaching of vocational agriculture during the next biennium.

Signs 5 Bills

The governor also signed the following bills:

By Morris — regulating political contributions by public utilities and other corporations in municipal elections.

By Alsop—making assistance to needy blind and dependent children immediately available.

By Taylor—prohibiting use of the Texas Defense Guard insignia except by members of the guard.

By Brownlee—authorizing housing authorities to make loans to house workers engaged in defense projects.

By Clark—making it a felony to steal mercury from pipeline meters.

Whiskers Heard In Rehearsal On Radio

NEW YORK—(AP)—The Aldrich family was rehearsing. The engineer came out of the control room wearing a puzzled look. He examined the microphone connections, searched Ezra Stone's pockets, scratched his head.

Then a big smile dawned on his face. He whipped out a big handkerchief and inserted it between Stone's neck and collar. Stone hadn't shaved that morning and that scratching sound the engineer had heard was his beard scraping his stiff collar.

ILL IN HOSPITAL

PHARR—Mrs. Mae Pelt of this city and mother of Mrs. Max Maule, also of Pharr, is ill at the McAllen City Hospital with an attack of typhus fever. Her condition is reported to be sufficiently improved and she is expected to be released from the hospital and returned home within a few days.

New Community Building Starts

Concrete for the foundations of the new Alamo Community building was poured this week. Pictured above at the project, left to right standing, are Carroll G. Brown, Alamo attorney; Grant Montgomery, construction superintendent; A. E. Elliott, Dales Knapp, chamber of commerce secretary; Frank Houghton, Lions club president; Mayor William Cloughley, E. V. Van Huss, Mrs. Frank Denzer, secretary-treasurer of the building committee; Mrs. J. Roe, representative of the Alamo Sons club and seated at the left is Leonard Johnson, president of the building board. If constructed at regular building costs this community center would cost an estimated \$6,500. The committee arranged for donations of some of the materials and labor. The building will include offices, service rooms and an auditorium. (Photo by Brad Smith.)

STATION KGBS OPEN JULY 29

Harbenito Radio To Have 1240 Kilos

HARLINGEN—Station KGBS, the Valley's new radio station now under construction near the highway half way between San Benito and Harlingen, is expected to begin operation on July 29, it was announced here Saturday by McHenry Tichenor, president of the Harbenito Broadcasting Co., Inc., owners of the new station.

Ingram S. Roberts will be the manager of the new station. Tichenor said. Roberts, in radio work over 13 years, began as a sports announcer for Station KPRC in Houston. He joined KRGV in Weslaco in 1935, resigning as sales manager in 1939 to join the sales department of KTSA in San Antonio.

Full Time Station

Station KGBS will operate full time, with probable schedule from 6:30 a. m. to 11 p. m., it was announced. The 250 watt station will operate on frequency of 1240 kilocycles.

The building housing the station is being constructed by Hugh Ramsey, with Newell Waters the architect. It is of brick and hollow tile construction.

The building on the highway will house complete operation, containing two modern type studios, control room, transmitter room, auditorium and general offices. Studios and equipment are of latest type, with Western Electric mechanical equipment used throughout.

Transmitting Tower

The transmitting tower, 201 feet high, will be located directly behind the building. It is the Blaw-Knox self supporting type tower, requiring no guy wires.

Tichenor, president and principal owner of the Harbenito Broadcasting Co., Inc., has been a well-known Valley resident for many years, currently being an officer of the United Printers and Publishers Co. which publishes the weekly Newsfoto tabloid in Harlingen. He formerly for a number of years was the owner and publisher of the Valley Morning Star in Harlingen; and later published the Nevada State Journal, a Reno, Nevada daily.

Mrs. Hamilton Buys Interest In Valley Decorator Business

HARLINGEN—A half interest in the Valley-Wide Decorators has been purchased by Mrs. Charles Hamilton, it was announced here Saturday by the owner, Mrs. Mary Everhart.

Mrs. Hamilton, a graduate of the Arts and Decoration School of Interior Design, New York City, won the Houston Chronicle's prize a few years ago for the best before and after picture of a remodeling and redecorating project submitted in the Better Homes contest. The same project won for her a prize from Better Homes and Gardens Magazine in a national contest.

TAB KEPT ON GULF STORMS

'Hurricane Service' Starts Sunday

BROWNSVILLE — The United States weather bureau's special "hurricane service" is scheduled to begin its sixth season Sunday, operating on one of the longest continuous weather teletype circuits in existence, a circuit which extends from Brownsville to Key West, Fla.

W. J. Schnurbusch, head of the local U. S. weather station, said the circuit will remain open 24 hours a day through October 31. Bulletins on any storm conditions in the Gulf of Mexico or Atlantic Ocean will be received at all stations on the circuit four times a day, he said.

Brownsville's station will receive reports at 12:30 a. m., 6:30 a. m., 12:30 p. m. and 6:30 p. m. daily.

All ship reports and other bulletins on storms will be carried by the circuit, and stations along the Gulf Coast will be informed several days in advance when storms are headed for the coast, Mr. Schnurbusch said.

Methodist Services For Sunday Listed

HARLINGEN—"Where is Zebedee?" will be the title of Rev. Porter M. Caraway's Father's Day sermon at the First Methodist church here Sunday morning at 10:45 o'clock. The anthem for the morning will be "Going Home" by Dvorak. Organ music will include "Air," by Geordini; "Bells Through the Trees," by Edmundson, and "Lento," by Jensen.

At the evening service, beginning at 8 o'clock, Rev. Caraway will speak on "Three Gateways." Miss Ava Sue Martin will sing a soprano solo.

Christians Announce Sunday's Services

SAN BENITO—Rev. G. C. Schurman, pastor of the First Christian church, will preach on "No Plus Ultra" at the 10:45 a. m. service Sunday. Mrs. Harry Schneider and Mrs. E. F. Brady will sing the duet, "Near To the Heart of God."

The pastor's sermon in the evening will be "Trade Balance." Regular meeting of the Bible class will be held at 9:45 a. m., and the Christian Endeavor at 6:45 p. m.

Broadcasters Asking Probe By US Of Industry And FCC

WASHINGTON—(AP)—The broadcasting industry, facing new regulations proposed by the Federal Communications Commission, has asked a sweeping congressional investigation of itself and the FCC.

In an acrimonious session of the Senate Interstate Commerce Commission Friday Mark Ethridge, former president of the National Association of Broadcasters, reported he knew of three cases in which the FCC favored "friends of the administration." In one of them, he said, Secretary of Commerce Jesse Jones was interested.

The broadcasters, added Ethridge, were ready to "risk life or death" in an investigation of the commission and its proposed new regulations for chain broadcasting, which would divert national broadcasting of one of its two networks.

The witness, general manager of the Louisville, Ky., Courier-Journal and Times, declined to give details of the three instances in which he said the FCC violated its principles. He identified them only as involving radio stations at Houston, Tex., in which he said Jones was interested; the "Winston-Salem" case, and a clear channel grant for a Boston station.

Sen. Tobey (N.H.), shouting that the witness wasn't "getting down to brass tacks," told Ethridge he would have to mark the testimony "important if true."

DIES, REIDEL TO SPEAK AT JULY 4 FETE

Hidalgo Party Plans Taking Form

McALLEN — Rep. Martin Dies, chairman of the congressional committee investigating un-American activities, and Ed Reidel, state American Legion commander, will speak at the McAllen Fourth of July celebration, Bolton Hyde, chairman of the public speaking committee, announced Saturday.

Dies will be principal speaker of the celebration, while Reidel is to speak at the honor guests' luncheon. Members of the parade committee Saturday formulated plans for the main parade. They prepared lists of prospective entrants and decided to meet again Tuesday night to compile results of a canvassing campaign.

A mounted section in the parade was also provided for. Commissioner of Agriculture J. E. McDonald and Mrs. McDonald will be in McAllen for the annual July Fourth celebration. George Chaparras, celebration manager, announced. McDonald wrote Chaparras: "I gladly accept your invitation and Mrs. McDonald and I will be present. We will be looking forward, with a lot of pleasure and anticipation, to another delightful visit with the good people of the Valley."

Bonds In Demand

Agencies At Mission Sell \$32,407.55

MISSION — Sale of national defense bonds by the three agencies handling the sales totaled to date \$31,675, maturity value, a check-up showed at noon Thursday. In addition, savings stamp sales at the post office during May and June brought the total figure to \$32,407.55.

Sale of stamps in May, the first month the plan was put into operation, totaled \$368.25. During the first 12 days of June, the stamp sale reached a total of \$364.30, lacking only a few dollars of reaching the total for the entire month of May.

At the First National Bank, bonds sold to date total \$24,700, maturity value. At the First State Bank and Trust Company, the maturity value of bonds sold to date totals \$2,625.

Trial Set June 16 For Conroe Farmer In Court Shooting

CONROE, Tex. — (P) — W. S. Cochran, 39, Polk county planter, will go to trial in Conroe Monday on an indictment charging him with murder in the courtroom slaying of Bob White, 31 year old Negro farmhand accused of criminal assault on the planter's wife, Mrs. Ruby Cochran.

The indictment, it was understood, was returned by the Montgomery county grand jury after Cochran had forwarded a request for immediate action on his case.

White, who had been twice condemned to death in the assault case, was killed instantly by one bullet from Cochran's revolver last Tuesday as he sat behind his attorney at a counsel table in District Judge W. B. Browder's court room at Conroe. A jury was being selected to hear White's third trial, his case having been twice reversed by higher courts.

Davis Is Adjudged Juvenile; Paroled

EDINBURG — Adjudged a juvenile in a hearing before District Judge Bryce Ferguson, whose court served as a juvenile bench in the case, R. T. Davis of Edinburg was paroled Saturday to the custody of an uncle, H. E. Cleveland, until September 1.

Davis was originally charged with burglary of the service station at Elsa operated by Coy Weaver and Noah Fry, last February. He filed an affidavit saying he was a juvenile, however, and Judge Ferguson granted the conditional parole, ordering Davis to return to the court in September for further action on the burglary charge.

Japs Seize Gasoline

HANOI, French Indo-China — (P) — Japanese authorities were reported Saturday to have seized 566 drums of gasoline belonging to the MacMillan Petroleum Corporation, apparently on the premise they were destined for the Chinese government at Chungking.

Firemen To Return

MERCEDES — Mercedes Volunteer Firemen attending the Firemen's convention in Wichita Falls this week are Fire Chief J. L. Bates, Fire Marshal Art Biel, and Secretary-treasurer Cal Gulley. The party left Sunday and plan to return this week.

PHARR — Miss Billie Jean Deckard of Raymondville, is the guest here of her grandmother, Mrs. Deckard.

RECESS FIGHT STILL WAGED

House, Senate Agree Only To Disagree

AUSTIN — (P) — The one thing certain about the House-Senate recess fight of adjournment is that the two branches have agreed to disagree.

And if the impasse continues a few days longer the 47th general session might shade the all-time 163-day record of the 46th.

The lawmakers, seeking some device to bring the deadlock to a showdown, resorted to the unprecedented one of a free conference committee to iron out the different versions of recess or adjournment.

As the two branches had done on several occasions, the conferees also had postponed further meetings until Monday.

New Press Chief

Dave Warnne Heads Texas Association

GALVESTON, Tex. — (P) — Dave Warnne, Panhandle, was elected president of the Texas Press Association at Saturday's concluding session of the 62nd annual convention.

He succeeds Charles K. Devall, Kilgore. Other new officers included: James Donahue, Tyler, vice-president; Deskin Wells, Wellington, secretary-treasurer.

Legion At Austin Commends Leonard

McALLEN — A copy of a resolution passed by the American Legion post at Austin, commending Homer Leonard, speaker of the Texas House of Representatives, was received Saturday by C. D. Martin, commander of the McAllen post.

Weslaco Pastor To Speak At Mission

MISSION — Rev. C. H. Riddle, Weslaco, will be the guest pastor for the Sunday morning services of the Trinity Baptist church, it was announced by officers of the church. Services will be held at 11 o'clock Sunday morning at the Kreidler Funeral Chapel.

For the evening services the congregation will join those of the First Christian, First Presbyterian and First Methodist churches when union services will be held at 7:45 o'clock at the First Presbyterian church. Rev. Allen G. Roe, pastor of the First Methodist church, will occupy the pulpit.

VISIT IN NEBRASKA

SAN JUAN — Mr. and Mrs. Perry Ruby and children will leave Sunday on their two weeks' vacation trip to visit with relatives and friends at Wauneta, and other points in Nebraska. They will be accompanied by Mrs. W. J. Ruby and daughter, Miss Lillie, who have spent the winter here.

The study of the geography of the moon is known as selenography.

TRAPESE ARTIST HAD NOTHING ON HERO OF LONDON

LONDON — (P) — Here's how Harry Sweetland, 36, a garage proprietor, won his King George VI medal for heroism: After picking up a bomb victim and starting toward an ambulance, a second bomb hurled him, still clinging to the injured man, onto telephone wires 30 feet above the street.

Their weight sagged the lines until Sweetland could drop to the street, continue to the ambulance, then carry up two more injured.

After that he collapsed.

FARM PLAN

Marshalltown Plant Has New System

McALLEN — The McAllen chamber of commerce agricultural committee has offered aggressive cooperation with the Marshalltown Canning Company, recent purchasers of the former Riona Canning plant here in what it hopes may be a system of planning farming and perhaps contracted acreage of vegetables at a minimum price as is done in Iowa, home of the nationally known concern.

Ed McGinnis, agricultural committee chairman, said he hoped to see the time when canning could be made sufficiently profitable to the processor and farmer that the Valley could get some of the army and navy business.

Schmeling Decorated

BERLIN — (P) — Parachutist Max Schmeling, the former world heavyweight boxing champion, has been promoted to sergeant and awarded the Iron Cross of the second class, it was learned Saturday, for bravery in the invasion of Crete where he was stricken with a slight illness.

SANTA ROSA — Mr. and Mrs. O. N. Axtell of Santa Rosa have as their guest the former's sister, Mrs. J. R. Oldham of Whittier, California.

CHECK POWER UNIT DAMAGE

City Generator Hit By Lightning

BROWNSVILLE — The damage wrought by a discharge of lightning at the Brownsville municipal power plant on Tuesday night is thought to be confined principally to a 1500-kilowatt generator.

This opinion was expressed Saturday by City Manager Ben Freudenstein. He said he based his opinion on the inspection of the damaged generator.

The damaged generator was sent Friday by truck to Houston, where the Westinghouse Electric Company, from which concern the generator was bought, has a plant capable of making the necessary repairs. Thirty-one coils are thought to be burned out in the generator, Mr. Freudenstein said.

The work of replacing these coils will probably take two weeks' time, if a priority order can be secured from Washington permitting work to begin at once, the city manager said. He said further that he did not expect to meet with any difficulties in this effort.

Magazine Prints Article On Valley

McALLEN — The June issue of the magazine "Houston" carries an illustrated article on the Valley written by the publicity department of the McAllen Chamber of Commerce. The article entitled "Try the Valley for a Vacation," was used through the courtesy of the Houston chamber which also arranged a radio salute to the Valley and newspaper stories sent by McAllen in behalf of the Valley Secretaries Association. C. E. Gilbert, editor of the magazine, arrived in the Valley Saturday to go with chamber officials to Monterey to plan formal opening of the Reynosa-Monterrey highway.

Resume Production

CLEVELAND — (P) — Production was resumed Saturday at the Lamson & Sessions Co., makers of nuts, bolts and other small parts for aircraft, after a four-day walkout by the CIO United Automobile Workers.

RETURN FROM CORPUS

SANTA ROSA — Mr. and Mrs. W. R. Crockett of Santa Rosa arrived home this week from Corpus Christi where they have been the guests of their son, Darrell Crockett and his family.

Marathon Golfer In Missouri Shoots 31 Rounds, 1269 Licks

HANNIBAL, Mo. — (P) — That golf madness is here again. Bob Howell, 22, started Thursday midnight and ended his golf Marathon at 8:30 p. m., Friday night, with 31 rounds on the Hannibal Country Club course.

Howell used a total of 1,269 strokes—an average of approximately 41 for each round on the par 35 layout. He lost eight pounds. Six caddies worked in relays for him.

LEGION HITS AT 'ISM' VOTE

McAllen For Barring Names From Ballot

McALLEN — The McAllen American Legion post threw its weight behind the recent bill passed by the state legislature outlawing "ism" parties from appearance on the ballot by a resolution passed at the regular meeting Friday night at Legion hall.

The resolution will be forwarded to state officials complimenting them on the step taken.

Purchase of additional flags for city display was ordered.

A musical program featured band students from the McAllen high school under the direction of Hermann Wren.

At the close of the meeting refreshments of punch and cookies were enjoyed.

A resolution was adopted at the meeting expressing the sorrow of the post at the death of the late Dr. H. H. Fletcher, who was killed in an auto accident near Fort Worth recently.

The resolution said, in part: "The death was a great loss to us all and we extend our heartfelt sympathies to the members of his family."

No Valedictorian

Top Student Skips Speech For Ride

MADISON, Wis. — (P) — Sixteen-year-old Phyllis Pinckerton went for an automobile ride instead of giving the Central High School valedictory address because her subject was too vague to suit her father.

"The Climb Ahead," was the topic Phyllis had chosen. Her father, Milo, insisted that she take some specific problem, discuss it and propose a solution. She refused, so instead of driving her to the commencement exercises he took her for a ride until the program had ended.

In the disappointed commencement audience was Mrs. Pinkerton.

STATE HONORS SAFE DRIVERS

3 Valley Men Given Merit Awards

HARLINGEN — Three Valley men, G. M. Taylor of Red Arrow Freight Lines, McAllen; Supt. Ernest H. Potet of the Mercedes schools, and Roy Boyett, Allen Storage Company, Harlingen, have recently received certificates of merit for safe, efficient and courteous driving on the highways. The certificates were awarded by Homer Garrison, Jr., director of the Texas Department of Public Safety.

In letters of congratulation to the three, Garrison lauded Boyett for 10 years' driving without accident or traffic court appearance; told Taylor his driving between Pharr and McAllen had been observed and praised him for encouraging safety through the McAllen Lions Club; and praised Potet for aid given the public safety as well as for his own driving as observed between Donna and Mercedes recently.

Defense First

Texas WPA Centers On Army Projects

SAN ANTONIO — (P) — National defense has become the number one WPA program activity in Texas, State Work Projects Administrator H. P. Drought declared Saturday, reporting in his detailed accounting on WPA accomplishments during the past five and one half years that more than one fourth of the 73,901 Texas WPA workers today are at work on defense projects.

Road building leads all other types of WPA completed work with 27,924 miles of roadways finished, of which 25,415 miles were farm-to-market routes.

Barracks, warehouses and other military construction work are now assuming a dominant position in the WPA building program it was reported, along with expansion of water distribution and sewage disposal systems in communities boomed by military and defense industry concentrations.

Brownsville To Send Eight Men July 14

BROWNSVILLE — The Brownsville draft board received a call Friday to furnish eight men by July 14, P. H. Bouis, clerk, announced. Plenty of volunteers are on hand to fill the call and it will not be necessary to call in any "selectees."

Nine men left Wednesday night to fill the June call.

VISIT IN SHERMAN — SANTA ROSA — Mrs. W. D. Cox and Mrs. Boynton Fleming of Santa Rosa are visiting in Sherman, Texas, as the guest of the former's sister.

Sharp Cut In Auto Output Talked For Hike In Steel

WASHINGTON — (P) — A sharp new reduction in automobile production during the 1942 model year beginning in August was reported under consideration by defense officials Saturday as a means of diverting steel from civilian to military production.

Automobile makers already have agreed to a 20 per cent reduction in output for the next model year and there were reports that if the Office of Production Management decided on a further cut it might at least double that figure.

Some defense officials were said to have suggested further curtailment of auto manufacturing because they feared that supplies of various types of steel might provide inadequate work on ships, tanks and other armament.

Production of motor cars for the 1941 model year has been estimated at 5,289,972 units. The reduction in which manufacturers agreed in April would bring 1942 production to 4,224,252 units, and a doubling of that curtailment would mean a drop to some 3,100,000 automobiles in the new model year.

STUDY DRAINS FOR WILLACY

State's Engineers Go Over Project

RAYMONDVILLE — Engineers from the highway department at Pharr arrived Saturday morning to go over a joint project between state and county for building additional drainage ditches and clean out ditches in the San Perita area. It is estimated that farmers in that section have lost 3,000 acres of crops because of standing water from recent heavy rains.

The drainage started work Saturday morning on the county part of the drainage project which will begin near the Howard Campbell farm and extend south to the Raymondville-San Perita highway by the Cheek farm.

It is expected that the State Highway Department will open and enlarge the ditch from this point along the highway west from the Cheek farm by the Gilliland, Beck, Burnes, Brooks and Addington farms to the intersection of the Santa Margarita highway.

Conference took place between W. C. Puckett, district engineer, and C. D. Gilliland and Charles Johnson, and other engineers from the department.

Envoy Flies To US On Robin Moor Case

RECIFE, Brazil — (P) — Philip P. Williams, third secretary of the United States embassy in Rio de Janeiro, left by airplane for Miami Saturday with depositions and pictures from survivors of the torpedoed American freighter Robin Moor. He is taking the evidence to Washington.

The photos were taken at the time of the sinking by survivors among the 11 now awaiting transportation to the United States.

Only **NORGE** HAS THE **NIGHT-WATCH** the Fully Automatic Defroster that stands guard EVERY NIGHT!

HERE'S HOW THE **NORGE NIGHT-WATCH** PROTECTS YOUR FOOD AND YOUR POCKET-BOOK

Every midnight, Night-Watch turns off electric current for three hours.

Frost melts from sealed freezer. Current is turned on again at 5 A.M.

Moisture drains into the hand-dropper—emptied once a week.

Meat remains undisturbed, cubes remain frozen during defrosting.

NIGHT-WATCH FOR OTHER MODELS

If your Norge is equipped with 1) Sealed freezer, 2) Covered Goldpack, 3) Hand-dropper receptacle, you can get the Night-Watch for only \$14.95 and enjoy full automatic defrosting. Ask your local Norge dealer for details. only \$14.95

Norge Night-Watch ends forever the fuss and bother of defrosting—and every woman welcomes that. But, how much more she welcomes the economy of automatic defrosting every night when she learns that 1/2 of an inch of frost on the freezer cuts down efficiency as much as would 1/2 inch of INSULATING ASBESTOS or 2 inches of CONCRETE all around the freezer!

The Norge Night-Watch Automatic Defroster absolutely prevents heavy frosting because it defrosts the freezer every night and starts your Norge every morning with a completely clean, frostless freezer.

AGAR OFFERS SALES TAXES FOR COUNTY

Plan Would Boost Revenues

BROWNSVILLE — A plan for a sales tax in Cameron county as a solution to one of the county's problems was outlined Saturday by Ralph T. Agar, county tax assessor-collector.

"The construction of training bases in Cameron county will bring in many people other than the men who will be sent here to take training," Mr. Agar said. "I have reference to construction men, contractors and sub-contractors with their families. There also will be other classes and types that follow the camps. It is probable that these people will assist indirectly in helping some to pay their ad valorem tax through trade and rental of homes, or in other words they will tend to increase the revenues for some taxpayers."

There will remain, however, a large percentage of our taxpayers who will still be dependent upon agriculture and who will benefit but little from the camps."

The new people that come with the camps will benefit practically the same taxpayers as would be benefited by the tourist trade, Mr. Agar said. These people would pay very little taxes directly under our present tax system, but will derive the same benefits from schools and other privileges as the taxpayers who are paying off the debt, he added.

"With the legislature still in session I thought it might be possible to amend some tax bill already submitted, making it possible for any county or group of counties, by a vote of the electorate within each county, to substitute a sales tax for that part of the ad valorem tax now being levied to pay interest and principal on the bond debt, providing for the exemption of all home-owners, not to exceed \$3,000 in assessed valuation, from any tax, the proceeds from the sales tax to be pro-rated equally to each tax district in the same proportion that their debt is to the total debt in the county," Mr. Agar explained.

He said he was writing Representative Augustine Celaya concerning his plan immediately.

That the various chambers of commerce should boost the bill, was the opinion expressed by Mr. Agar.

Dog Tags Due

June 30 Is Deadline For Vaccination

HARLINGEN—June 30 is deadline in Harlingen for the vaccination and tagging of all dogs. Cost of the service is \$2 including the dog tag.

Dr. J. T. Traylor, city veterinarian, will vaccinate animals every day during remainder of the month from 4 to 6 p.m., except on Saturdays and Sundays, at the city jail.

Fewer Men Attempt Suicide Than Women But More Finalists

NEW YORK—(AP)—Studies by the Metropolitan Life Insurance Co. show that more women than men try to kill themselves but more men succeed. Altogether, the company estimates 18,000 persons commit suicide in the United States in a year, and 100,000 more attempt it.

The survey showed two likely causes for the greater number of men suicides. One is that success increases with advancing age. More than half of the women who attempt suicide are under 30, but only about a quarter of them men. One out of six attempts by men under 25 is successful but only one out of 18 attempts by women of that age.

The other reason is that almost three-fourths of the women use poison, the least effective method. Men favor shooting, jumping, hanging and drowning.

Draftees Bring Back Youth To U. S. Army

CHRYSTEN, Wyo.—(AP)—A trio of selective service soldiers stopped suddenly to admire a bowl of goldfish in a store window.

Soon they were arguing and their energetic gestures quickly drew a crowd.

Followed by their audience they went into the store and one purchased a fish. Another swallowed it with a grimace.

And that brings the army up to college standards. Remember?

Cached Cash Boon To Asylum Inmates

GLEN COVE, N. Y.—(AP)—When inmates of the nearby state hospital for feeble minded began turning up with large-denomination "folding money" police went to work. They traced the bills to a former inmate.

He said he found them in a deserted barn on a large estate where the former owner of the property, now dead, apparently had hidden them. The one-time inmate just wanted to do something for his pals and was very happy about it.

Stained Glass Window, Designed By Valley Girl, Is Donated To College

Distinctive Gift Is Presented By Class Of '41

By EUGENIA SHEPPERD and FRANCES SEAVER

ONE OF THE richest memories which travelers have brought back from Europe has been that of the Alladin's Palace loveliness of stained glass in such cathedrals as Chartres and Notre Dame, some of this glass nearly a thousand years old.

A bit of such loveliness has been given to Edinburg Junior College as a gift of the 1941 graduating class. The class has presented, for the library windows, two stained glass medallions symbolizing the love of books. Each medallion measures 12 by 12 1/2 inches. This gift is a distinctive one and probably unique among gifts presented this year by graduating classes of Texas junior colleges.

As one enters the library building, he will notice that the central panel of the windows on each side of the entrance are not plain glass, but seem dark, with lines and some kind of design.

Panels Come Alive
Let him enter the building and then take a second look, and these seemingly dark panels come alive with light gleaming through richly colored glass. One of these medallions is designed to represent Emily Dickinson's quotation, "There is no frigate like a book to take us lands away." The lively fancy of her idea is evident in the flowing lines and in the rich color scheme of the ruby ship, its full-set sails shading from orange to amber, set against a brilliant blue sky and green and white water. Upward sweeping bands of clouds carry the words of the quotation.

On the other side of the entrance the light shines through a panel which shows a rich Arabian Night's palace of ruby, flame and amber, backed by clouds which bear Andrew Lang's meaningful words, "The love of books, the golden key which opens the enchanted door." Interspersed with the words are a tiny key and open book. Broad steps lead up to a glistening, golden door, and intricate green tree-like foliage fills the foreground.

Designed By Valleyite
These medallions were designed and made by Miss Eugenia Shepperd of Donna, Texas, who has lived in the Lower Rio Grande Valley most of her life. She is a graduate of Texas Christian University with a Master's degree from University of Chicago. She has studied in the Chicago Art Institute and spent two months in the studios of Charles J. Connick of Boston, who is recognized as America's foremost craftsman in stained glass.

Stained glass, which was considered a "lost art" until recently, has now reached a very high standard in America. In one way it is the most "alive" of the arts, for a good window, made of thick, uneven glass which refracts the light, has a different mood for every change of the sun or weather or foliage outside. With the years it becomes richer as time and weather mellow the colors. Good windows are carefully planned in respect to color, symbolism, narrative, and location.

How They're Made
In making stained glass windows, a small colored sketch is drawn

"There Is No Frigate Like A Book..."

and then enlarged to a full-size detailed working drawing or "cartoon." From this two tracings of the drawing are made, one being cut up as patterns for the separate pieces of glass, the other used later as a guide when the pieces are put together. As the glass is cut out, it is stuck with beeswax onto a piece of plate glass which has been marked with black lines painted on it where the lead lines will later go between the different pieces of glass. This plate glass is called the "easel." Working first on this easel makes it possible to study the colors as they are tried out together.

Each piece of glass that shows details—such as the sails, the waves, and the inscriptions in these two medallions—has to be painted with a mixture of opaque dark paint and ground glass. The painted pieces are then removed from the easel, each piece separate, and fired in a kiln to a temperature of 1,200 degrees. This fuses the ground glass

in the paint into the piece of colored glass, making the painted details absolutely permanent.

Assembled Like Puzzle
All the pieces of glass are then assembled like a jig-saw puzzle onto the design traced on paper, and between the pieces are fitted strips of grooved lead. Finally all the joints in the lead are soldered on both sides, cement is forced into all the spaces between glass and lead to make it waterproof, and the window is ready to take its place in the light.

The medallions were presented to the school at commencement time. The officers of the class making the gift were Leonard Allen of Pharr, president; Pauline Phillips of Pharr, vice president; and Bob Dixon of Weslaco, secretary. The subjects for the panels were chosen jointly by Miss Frances Seaver, librarian of Edinburg Junior College, Pauline Phillips, and the artist, Miss Shepperd.

MANN CLUB TO BE ORGANIZED

Backers In Cameron To Meet Monday

HARLINGEN — Organization of the Cameron county Mann's the Man for Senator club, will be completed Monday night at the El Jardin Hotel in Brownsville. Larry Powers announced here Saturday after arrangements had been made to set the meeting of friends of Gerald Mann, Texas attorney general and candidate for U. S. Senator from Texas. The meeting will begin at 8 o'clock.

Friends and supporters of the attorney general in various parts of the county had expressed desire to form a county-wide club to aid Mann's campaign during the final two weeks before the June 28 election. Powers said, Harlingen's club was formed two weeks ago, with Powers elected president and Gray McCullah, secretary of the organization.

"Various polls have been attempted in the Valley and elsewhere," Powers said here Saturday, "but the only official state-wide poll shows Mann the leader in the race. This week the state legislature was polled also, and Mann was the leader there."

School Boy Labors With Barnyard Role

PAULS VALLEY, Okla.—(AP)—Johnny Hyden's teacher assigned him the role of Friar Tuck in a grade school presentation of Robin Hood.

Johnny went through some queer antics in rehearsal. "Johnny," said his teacher, "I don't believe you understand what a friar is, do you?" "Sure," said Johnny. "It's eating chicken!"

BROWNSVILLE VETS ELECT

Legion Balloting Is Set For July 10

BROWNSVILLE—Officers for the coming year will be elected by the Brownsville American Legion post at its next meeting July 10. The nominating committee, named at the past session of the post, is headed by Judge A. M. Kent.

William Y. Buck is the post commander at present. Senator Tom Connally and Representative Milton H. West were acknowledgments of protests the local post had sent them in regard to governmental handling of strikes in defense industries. The post favored stronger measures.

US SHIPYARD WORK SET-UP IS OUTLINED

Would Cut Strikes, Stabilize Output

By The Associated Press

The government asked 55 eastern shipyards at work on defense orders Saturday to approve a two-year agreement designed to avoid strikes, stabilize employment, and prevent needless migration of workers.

The agreement was drafted at Washington by a shipbuilding stabilization committee set up by the labor division of the Office of Production Management and composed of representatives of employers, the navy, the maritime commission, the CIO and the AFL.

Like Master Contract

It would be a counterpart of master contracts already established on the Pacific coast and projected for the Gulf and Great Lakes areas.

A conference was scheduled in the capital for next Friday for final action on the proposal.

Secretary of the Navy Knox, Chairman Emory S. Land of the Maritime Commission and William S. Knudsen and Sidney Hillman of the Office of Production Management wrote each of the yards asking prompt consideration of the proposal.

The agreement proposes a basic wage rate of \$1.12 an hour for first-class skilled mechanics and a ban on lockouts by employers or suspension of work by employees during the tenure of the pact.

Differential Cut?

The agreement, if adopted, would eliminate the differential which has existed heretofore in east and west coast shipyard wages. The western wages have averaged higher by "several cents" an hour, OPM officials said.

One of the big west coast yards did not sign the master agreement and a strike developed in which the defense mediation board Friday said it had been unable to bring about an accord. Board officials said a panel had failed to bring representatives of the Bethlehem Steel Company's shipbuilding division and the Bay Cities Metal Workers Council (AFL) into agreement and therefore the board would take its final step and draft recommendations for settlement.

The principal issue in the dispute was the demand for a union shop. A strike call on May 10 involved about 5,000 workers, but since then all but 800 have returned to their jobs.

Another west coast strike involving 22,000 lumber workers in western Washington appeared headed for settlement. CIO regional headquarters at Seattle announced that O. M. Orton, head of the International Woodworkers of America, had agreed to a proposal of Philip Murray, CIO president, for settlement of the month-old strike. Murray is a member of the mediation board which Orton recently said was a "labor busting" organization.

Temporary Settlement

The mediation board proposed a temporary arrangement under which the union would get its demand for a 7 1/2-cent increase to raise the minimum base to 75 cents and vacation provisions. The proposal, however, did not include the demand for a union shop and elimination of piece work.

Production was resumed at the Cleveland plant of the Lamson and Sessions Company after a four-day walkout by CIO-United Automobile Workers. The company, employing about 500 men, small parts for aircraft. A picket line was established and production at the plant slowed on Tuesday in what union officials said was a protest against the "refusal by company officials to negotiate grievances." The settlement came with an agreement for a national labor board collective bargaining election on Monday.

A strike at two plants of the Budd Wheel Company in Detroit was averted, a Michigan state labor mediation announced, by an agreement for a wage increase of 8 cents an hour, that figure to hold for a year unless federal statistics showed a 5 per cent increase in living cost by January 1, 1942. In that event, wage negotiations would be reopened. Present rates were not made public. A UAW-CIO union originally had scheduled a strike for Friday midnight at the plants which have \$36,000,000 in army contracts.

2 Yale Professors Invent Simple 'Alcoholometer' To Replace Line Walking In Police Drunk Testing

NEW HAVEN, Conn. —(P)—An "alcoholometer" has been invented at Yale to give police a surer method of obtaining drunken driving convictions than the time-honored practice of making the suspect walk a chalk line.

Describing their invention in the University's quarterly journal of studies on alcohol, published Saturday, Assistant Professors Leon

A. Greenberg, a physiologist, and Frederic W. Keator, a mechanical engineer, said the person being tested simply breathes into the machine, the operator pushes a button, and eight minutes later takes a meter reading of the percentage of alcohol in the blood.

In contrast to previous methods of testing drunkenness which require the use of a laboratory, skillful technicians and considerable time, they said, the "alcoholometer" is portable, can be plugged into an ordinary wall socket and requires no special training to operate.

Based on the principle that the ratio between the concentration of alcohol in a person's breath and in his blood is constant, this is how it works:

The breath of the suspected inebriated liberates iodine in a tube containing a solution of starch and potassium iodine, which turns a blue color. The bluer the color gets the more alcohol there is in the breath.

An electric eye measures the intensity of the blue light and records it on the meter in terms of percentage of alcohol in the blood.

Lost Buck Cashes In Chips After Diving Through Show Glass

OGDENSBURG, N. Y. —(P)—A 100-pound spike horn buck ended a night of revelry in city streets by crashing Saturday through a garage show window, chasing two amazed employees and then plunging back through the shattered glass.

The deer, which died of cuts suffered in his window smashing during a fight by jumping in front of their automobiles.

Game wardens said forest fires south of Ogdenburg had driven much game from the woods. A doe and fawn were seen at the city outskirts Friday feeding with a herd of cattle.

REBUFF GIVEN STRAW BALLOT

Johnson Gaining Fast Mrs. Taylor Says

BROWNSVILLE — Announcing that Lyndon Johnson, candidate for U. S. Senator, is "gaining support daily in the Valley," Mrs. Volney W. Taylor, Sr., of Brownsville, rapped a recent public poll on the Senate race taken by several Valley newspapers as "not reflecting, in my opinion, the sentiments of even the Valley."

Mrs. Taylor is chairman of the women's division of the 27th Senatorial District for Johnson's campaign.

Her statement follows: "Throughout this entire district, Lyndon Johnson is gaining daily in support. As it becomes known how much he will be able to do for the state of Texas, support is swinging toward him."

"The Valley newspaper poll shows Dies in the lead. Reports I have show that Martin Dies is being supported by the Republicans and anti-New Dealers. This poll does not reflect, in my opinion, the sentiments of even the Valley. It is limited to too small a number of voters."

Mrs. Taylor announced that Johnson will speak in the Valley on Wednesday, June 18, at a location to be announced later.

A strike at two plants of the Budd Wheel Company in Detroit was averted, a Michigan state labor mediation announced, by an agreement for a wage increase of 8 cents an hour, that figure to hold for a year unless federal statistics showed a 5 per cent increase in living cost by January 1, 1942. Can Plant Set Marshalltown Firm To Locate Here

McALLEN — The Marshalltown Canning Company of Marshalltown, Iowa, one of the nation's largest food processing firms, will assume operation of a factory here on July 15, it was announced by Sam L. Miller.

The company purchased the former Riona Canning Factory here at a figure estimated in excess of \$50,000. The firm is operating in 38 states now and Miller said, "This is the first real effort by a national concern to come into the Valley on a large scale and I am proud to announce the addition of the Marshall company to McAllen's industry."

Malta 'Impudent'

ROAD REPAIR WORK PUSHED

Two Hidalgo Routes Are Improved

McALLEN — Extensive repair work is being carried out by the state highway department on two newly designated state routes in Hidalgo county—No. 107 from Edinburg west to Mission and No. 336 south from No. 107 through McAllen to Hidalgo.

Paving repair crews have filled in scores of holes left in pavement on both highways by recent heavy rainfall. Most of the work has been done on No. 336 north from McAllen to the junction with No. 107 three miles west of Edinburg.

South of McAllen, approaches to the wooden bridges spanning the two federal floodways are being graded and improved. A considerable amount of paving repair on the bridges also has been done during the past week.

Weed cutters have been used to clear the shoulders of both roads, improving drivers' vision, especially near intersections and corners.

McALLEN — Hidalgo county led the Valley in filing of individual income tax returns for 1939 and Brownsville was first among Valley cities, according to figures received from the internal revenue commissioner in Washington.

Hidalgo county had 1,966 returns and Cameron county 1,796. Brownsville led with 738; McAllen 656; Harlingen 634 and Edinburg 199. No figures on Willacy and Starr counties or for other Valley cities were issued.

500 INVITED TO 4-H MEET

Boy Club Rally Will Be Held Friday

EDINBURG — Five hundred Hidalgo county 4-H club boys have received invitations to attend the annual county-wide rally to be held all day Friday in Edinburg. Manager Harry Cook of the chamber of commerce announced Saturday. The chamber is assisting Assistant County Farm Agency Bill Gardner of McAllen in arranging for the program.

A rodeo at night, in which the boys themselves will take part, will be open to the public. Tickets at 50 cents each will go on sale Monday. The rodeo will be held at the site of the Edinburg tomato yard, two blocks west of the county courthouse.

The boys will enter bulldogging, calf-roping, wild cow riding and other contests during the stock show.

Other events on the program, which starts early in the morning, will be a baseball tournament, a swim at the Edinburg pool, a moving picture show and a concert by the newly organized Hidalgo county 4-H club boys' band. Lee Kohlenberg of Edinburg is director of the band.

At least 250 boys, and probably many more, will be on hand for the day's events, officials predicted.

Scout Cruise Set

MISSION — Mission and Edinburg Sea Scouts will leave Sunday on a two weeks' cruise in Red Fish Bay, sponsored jointly by the Sea Scout ships in the two cities and the Lower Rio Grande Valley Council, Boy Scouts of America. O. V. Bridges, Jr., and Carroll Martin of Mission will be among the youths making the cruise.

In charge of the trip will be Steve Heacock, skipper of the Edinburg ship, and J. F. Honey of the Mission ship. Plans for the cruise include sailing from Port Isabel Sunday with frequent returns to that port during the two weeks for fresh supplies. Each Sunday of the cruise, the scouts will put in at Port Isabel to attend church services.

The following is a true copy of Senate Bill No. 488, as passed in the Senate and now pending in the House:

"S. B. No. 488 By Kelley

A BILL TO BE ENTITLED

AN ACT providing that any Water Improvement District heretofore organized under the provisions of Section 52 of Article 3 of the State Constitution which has heretofore been or which may hereafter be converted into a Water Control and Improvement District, setting out the manner and method of such conversion, and declaring an emergency.

Be It Enacted By The Legislature of The State of Texas:

Section 1. That any water improvement district heretofore organized under the provisions of Section 52 of Article 3 of the State Constitution and laws enacted pursuant thereto, and which has heretofore been converted into a Water Control and Improvement District, or which may hereafter become and be so converted under the provisions of Chapter 25 of the Acts of the 39th Legislature of Texas, Regular Session, 1925, as amended by Chapter 107, Acts of the 40th Legislature of Texas, First Called Session, 1927, may become and be again converted into a Water Improvement District in the following manner: The Board of Directors or other governing body of such district shall adopt a resolution declaring that in their judgment it is for the best interest of such district to again become a Water Improvement District, and to operate under the provisions of Article 3, Section 52 of the Constitution of Texas. Such resolution shall be entered in their minutes. Notice of the adoption of such resolution shall be given by publication thereof in a newspaper having general circulation in the County or counties in which the district is situated. Such notice shall be published once a week for two consecutive weeks. The first publication must appear not less than fourteen full days prior to the time set down for a hearing. Notice shall state the time and place of the hearing and shall set out the resolution in full. It shall notify all interested persons to appear and offer testimony for or against the proposal contained in the resolution. If, upon a hearing, the board of directors, or other governing body, find that it would be for the best interest of the district to be again converted into a water improvement district, and would be a benefit to the lands and property situated in said district, then, and in that event, they shall enter an order so finding, and said district shall thereupon revert to and become a water improvement district. If they find that it would not be a benefit to the lands and property situated in the district, they shall so find and enter their order against conversion of the district to a water improvement district. The findings of said board of directors or other governing body shall be final and not subject to appeal or review. All water control and improvement districts referred to in this section which shall become and be constituted a water improvement district under the provisions hereof shall from and after such conversion operate and exist under the provisions of Section 52 of Article 3 of the State Constitution and shall thereafter be governed by this Act, and any amendments hereof hereafter adopted, and shall have and may exercise all the powers, authority, functions and privileges which may be law vested in water improvement districts.

Section 2. The fact that the conversion of water control and improvement districts under the provisions of this act will be of great benefit to the lands and property situated therein, creates an emergency and an imperative public necessity exists requiring that all rules requiring that bills be read on more than one day in each House be suspended, and it is so enacted."

TEXAS' AGED MAY DECIDE SENATE RACE

Pension Boost May Win For Pappy?

By DAVE CHEAVENS
Associated Press Staff

Governor W. Lee O'Daniel's phonograph record hung up last week on the old folks, the old folks. So did the legislatures. And the outcome of the senatorial election June 28 may hinge upon it.

O'Daniel blasted out a daily speech by radio and returned to the fresh-air forum at San Antonio Saturday night as a prelude to 75 speeches he said he would make in eleven days.

The governor announced Friday he had instructed the state treasurer to stop his pay check for the remainder of the campaign. He said he had been informed the Senate was going to recess and go home, leaving him free to resume an active speaking tour.

The legislature's action in passing the gubernatorially-blessed bill making more money available for the old folks may play as important a part as anybody's political palaver with the large bloc of elderly voters holding gilt edge poll tax exemptions.

Federal OK?

Federal approval of the legislation that would boost the average June pension check from \$9.50 to \$18.50 was not yet forthcoming, and the public welfare department indicated it would be next week before an official decision was reached on availability of U. S. matching money.

At San Antonio, James B. Marley, regional federal social security director, said, however, it was assumed the state would be granted the additional amount.

Political aspects of the situation were reviewed lengthily on the Senate floor. Senator Joe Hill, persistent critic of the governor, commented there was nothing worse than turning the state's social security program into a "political grab-bag." He said he had always supported old age assistance, but protested the method of allocating funds under the legislation in question.

Pappys Campaign

O'Daniel planned to campaign Monday at Seguin, Luling, Schulenburg, Galveston and Houston; and Tuesday at Liberty, Beaumont, Jasper, San Augustine, Center, Henderson and Tyler.

No further itinerary was announced. Lyndon Johnson heatedly called upon Gerald C. Mann to retract an assertion that he had voted against 100 per cent parity payments to farmers.

Mann obliged in a radio talk at Austin, in which he asserted his statement that his two congressional opponents had voted against such payments to farmers "was not correct and I hereby withdraw it."

O'Daniel accused the newspapers of twisting his remarks to leave the impression that he had announced for a third term. He pleaded with pensioners not to vote against him to keep him in Texas.

Martin Dies put his two sons, Martin Jr. and Robert to work in his campaign as advance agents, while Governor O'Daniel's sons, Pat and Mike, and daughter Molly were sound-trucking the state for their father.

To Probe Expenses

Dies, whose forces planned a rally Monday night at Texarkana, home of the late Senator Morris Sheppard, said in a speech he would seek an investigation of expenditures in the senatorial race "to end for the next 100 years the disgraceful reflection that public opinion can be bought." He planned to spend most of the coming week in east and south Texas, but Saturday he will hop from Wharton to El Paso.

Mann at LaGrange Saturday asked that there be "no sabotage of farmers in the all-out defense program." He pledged his support to President Roosevelt, aid to Britain, flood control, and asked \$40 a month pay for every draftee. He spoke on the Fayette county square and had speeches scheduled for Columbus and several other south Texas cities in that area. He begins a northwest Texas drive Monday at Decatur, Monday night he speaks at Wichita Falls.

Johnson told audiences that pensioners were a federal function. He said they should be taken "off the radio and out of politics." He reiterated previous statements of his attitude toward the Roosevelt administration, saying he could pull with the team of Roosevelt, Hull and administration congressmen.

Minor Candidates' Meet

Cyclone Davis of Dallas called a meeting Sunday of what he characterized the "alleged minor candidates" in the senatorial race, at which 22 of them would be asked to withdraw to campaign for the 23d. Nine, he said, had accepted in person or by proxy.

Dies told a San Marcos audience Saturday his more than 10 years' service in Congress had fitted him for the Senate post. He asked voters to endorse his program to establish a joint House-Senate Dies Committee and fire and deport every Communist, Nazi or Fascist working in defense industries.

He said that in 1934 he helped pass legislation for old age pension, and has always supported veterans legislation.

Mann, speaking Saturday at Columbus, reiterated his statement that the race was between himself and O'Daniel and said "I was first to enter the race, I am first now, and I will be first when the votes are counted." He pledged to devote his energy and ability to the task of national defense, adding: "We are not an aggressor nation but I want to so strongly arm that if we are ever attacked we can beat off any enemy with a minimum sacrifice of our men."

Pat and Mollie O'Daniel, with half of the governor's hillbilly band, entertained a Columbus audience during the morning, passing the well-known O'Daniel barrels.

Animals In The News

'Man's Best Friend' Returns The Favor

AP Feature Service

A FOUNDLING PUPPY, shivering in a spring snowstorm in New York, found warm sanctuary under the coat of Traffic Officer James J. Armstrong—not only an appealing picture but proof of a sort that the credo of "Be Kind To Animals" isn't limited to the week of April 20-26. And by recent deeds of heroism and intelligence, other dogs seemingly have declared a period of "Be Kind To Humans," in return for favors anticipated. Four of the canine heroes in the news are pictured below.

AT THE LEFT IS PAL, year-old fox terrier, and his master, John Colbert Jr. of Philadelphia, whose life Pal saved when Colbert accidentally was overcome by gas. Given an S.P.C.A. medal, Pal shortly afterward led rescuers to an unconscious man in a snowdrift.

TIM, A MONGREL HOUND, dug into wreckage of a collapsed New York building and found trapped Charles Bossman, 12, with whom he is shown at the right—plus a silver cup given Tim by the Westminster Kennel Club.

TIGE, A SMALL WHITE SPITZ, was a hero of the plane crash near Atlanta. Running and yelping excitedly, Tige led one of the plane passengers to a farm, from where a call for help was sounded. Tige stands proudly in front of the wrecked plane motor.

TWO YEARS AGO, this bloodhound helped track down Donn Fendler of Rye, N. Y., lost in Maine. Injured in the hunt, the bloodhound lost his right leg. Young Fendler was on hand when the dog was formally retired. So was Trooper Bill Horton, who took the dog to Maine for the search.

FAMOUS TEXAS CHEMIST DIES

Pathologist Passes At Galveston

GALVESTON.—(P)—Dr. Meyer Bodansky, 44, professor of pathology at the University of Texas School of Medicine here and internationally known for his research in the field of physiological chemistry, died at John Sealy Hospital Saturday afternoon after an illness of several weeks.

Funeral arrangements will be announced later. He won the 1937 award of the Texas Pathological Society for outstanding work in the field of medical research, his work on the chemistry of heart action being termed by medical men the greatest contribution to medical science by a Texas chemist that year.

Several of his books are used as textbooks at the university. Besides directing laboratories at John Sealy Hospital and John Sealy Memorial Research Laboratory, he was visiting professor of physiological chemistry at the American University in Beirut, Syria in 1932-33. He was graduated from Cornell University in 1918 and received his master's degree from the University of Texas in 1922 and his Doctor of Philosophy degree from Cornell in 1923.

Play With New Climax Each Night Is Planned To Depict History Of AP

NEW YORK.—(P)—A play with a new climax every night—taken directly from the headline of the hour—promises to scatter broken precedents along Broadway in the coming theater season.

To give his production of Oliver Gramling's history of the Associated Press a fitting ending, Oscar Serlin plans to adapt the final episode each night from the most important news bulletin issued during the day by the news service.

"The difficulty challenges the imagination," Serlin said. "We will keep a group of actors ready for fast rehearsals in the afternoon. That last scene will be short, explosive, with all the impact of a world happening transferred upon the stage."

The play may be the work of a dozen topflight dramatists, with each writing a single scene or episode. Russell Crouse, Howard Lindsay, Edward Chodorov and Charles McArthur already have agreed to participate. It writers will follow a story outline compressed from the wealth of material in Gramling's book, "AP, The Story Of News."

'HORSE SENSE' BOARD'S RULE

Deferment Problem Yet To Come

BROWNSVILLE.—Of the approximately 150 men who so far have been inducted into the army through the Brownsville draft board, all have been volunteers, and as a result no problems have arisen locally in regards to the matter of deferment.

This is the gist of a statement made by Harbert Davenport, member of the draft board.

When the question of deferment comes up, even in the case of a volunteer, the subject is decided in most cases from the standpoint of the registrant's family status, he said.

From the decisions of the local draft board there have been two appeals taken, and in both cases the board was found to have acted correctly.

Being deferred because of being essential to the defense program in industry is a possibility that so far has not presented itself to the board.

When a case of this sort does come up, it will be settled on a horse-sense basis and not strictly according to technicalities, as it is within the power of the board so to act, Mr. Davenport said.

"For example," he said, "if a youth is working on a farm and is in no manner essential to the continuation of that work, he will not be deferred. On the other hand, if a young farmer can show us that he has a crop planted and is needed at home to work it, he will be deferred."

GUESTS RETURN HOME

PHARR.—Mr. and Mrs. Dick Hornbuckle of Austin, and Mr. and Mrs. H. H. Bonney and son Jerry of San Antonio, have returned to their homes, following a visit of several days this week as their guests of their sister, Mrs. Blake Liles and Mr. Liles and two small daughters Patsy Jean and Janie.

The Syrian War

British and "Free French" columns were reported encountering stiff resistance in their drive toward Beirut, capital of Lebanon, and vicinity of Kessouh, 10 miles south of Damascus, while Australian dispatches said an Allied column captured the base of Deir-Ez-Zor and another reached Ras El Ain. Aleppo was their apparent objective. Another force was said to be pushing into central Syria along a pipeline from Iraq to Palmyra.

Flashes Of Life

MIAMI, Fla.—(P)—Every morning

the Methodical Man—an elderly gentleman who wears a striped bathrobe and sandals—walks into Burdine's Department Store and without comment goes to the washrooms to comb his hair and wash his face.

Then he silently walks out again. At noon he repeats this procedure. He's been doing this about two months now and the clerks are getting curious about his identity, etc.

OSHKOSH, Neb.—(P)—District Judge C. G. Perry noticed the anguished face of a witness who for 20 minutes during questioning grabbed his side with both hands. When finally excused, the witness explained to his honor: "I had some wooden matches and a pen knife in my pocket. When I sat down the knife touched off the matches."

LUMBERTON, N. C.—(P)—A motorist, seeking a duplicate title for his automobile, was sent back to get the serial number. When he returned he was lugging an unwieldy chunk of metal with figures on it.

"Is that what you want?" he asked the clerk as he showed a

patent number plate he had sawed from the car.

He was told the desired number was impressed into the chassis, but, please, not to bring the chassis along.

CHARLOTTE, N. C.—(P)—A woman walked into the shoe department of a store, kicked off a shoe and said to the clerk: "I've got a corn that's simply killing me. Will you trim it for me?" The clerk was unwilling.

Come on! Drive a Car with "Second Wind"!

YOU say a racehorse has "heart" when he can turn on the drive coming into the stretch and bring the crowd to its feet with an all-out finish.

Ok—come try a car that can turn on extra wallop like water from a tap—and see what you would say about Compound Carburetion!

For this stunning Buick straight-eight swings you along sweetly on only half-carburetion as long as you're taking it easy in everyday sort of travel.

Only one of its two thrift-size carburetors works then, because that's all that's needed.

But step down on the gas treadle—and things happen.

A second carburetor opens up. Air supply as well as gas supply is increased. Power rises instantly. You get your "stretch drive" any time you give the word.

But—this isn't only for thrill.

This engine's actually more efficient because it has this "second wind."

It gives you a car that has the life and lift you like—and still delivers (on owners' say-so) as much as 10% to 15% more miles per gallon than previous Buicks did.

So in Buick you get a car not only bigger, roomier, smarter and more comfortable, but one that is basically more able.

That would be important any time; it's all the more important now—at the low delivered prices your Buick dealer is asking.

Available on Buick SPECIAL models at slight extra cost, standard on all other Series.

\$930
for the Business Coupe (illustrated above) including Compound Carburetion.

U. S. SENATOR BRAGS ON IBC

Connally Says Canal In Good Hands

SAN BENITO—A recent Congressional Record, reporting on the Senate hearing on the \$2,500,000 appropriation for the Valley gravity canal and storage project, carried high complimentary remarks made by Senator Tom Connally of Texas on the International Boundary Commission.

Senator Connally said "I have had to have constant contact with the Department of State with regard to the Rio Grande river in general and some years ago we were very fortunate in securing an allocation of PWA money for construction of some flood control works. They were administered by the IBC, very capably administered, so such portions of this work which may be committed to the jurisdiction of the IBC will receive not only fine engineering abilities but splendid administrative abilities in handling the project."

As to what portions of the project will be handled by the IBC the record reported the secretary of state with the approval of the president, shall designate the features of the project which he deems international in character and shall direct such changes in the general project plan as he deems advisable with respect to such features. The features so designated shall be built, after consultation with the Bureau of Reclamation as to general design, by the American section of the IBC and shall be operated and maintained by said commission insofar as their operation and maintenance in such manner is, in the opinion of the secretary of state, necessary because of their international character.

According to the National Reclamation Association bulletin of this week, the interior bill now goes to the conference committee of the two Houses of Congress to reconcile their differences.

When the bill came from the House it provided \$78,000,000 for reclamation. As it was passed by the Senate, it contains \$81,792,000 and authority to incur additional contractual obligations in the amount of \$17,950,000, a total of \$99,742,000. This is \$21,742,000 over and above what the lower House approved.

The bulletin said it was hopeful that House conferees will agree to recede and concur in all Senate amendments and that the House will sustain their action.

500 Bombers A Month New Goal As Jones Lends Billion For Project

RFC HEAD IS GIVEN POWER FOR DEFENSE

Bomber Plans Tops On His List

WASHINGTON — (AP) — Jesse H. Jones, federal loan administrator, said Saturday he intended to provide nearly \$1,000,000,000 to build plants for the 500-bombers-a-month program, drawing on his new defense spending powers.

President Roosevelt this week signed a law expanding the powers of the Reconstruction Finance Corporation and the Federal Loan Agency. Specifically it also gave the RFC \$1,500,000,000 additional special borrowing powers for defense purposes—with virtually no strings attached.

Program Expanded

The RFC already had committed all of a similar \$1,500,000,000. About \$500,000,000 of this went for defense factories. \$600,000,000 to buy strategic metals like tin and copper, \$200,000,000 for rubber stocks, and about \$200,000,000 in other defense loans.

Jones would not say specifically what use would be made of the new funds aside from the financing of the bomber program.

"There are a few things in the way of defense that we're thinking about," Jones said, "but mainly we're going to be doing more of what we've already been doing. The new law was asked to iron out some of the red tape."

One of the things the new law authorizes is loans to Great Britain on the security of British investments in this country. This operation, alone, may amount to several hundred million dollars.

Factories Major Item

In the case of the bombers, a large part of the \$1,000,000,000 will go for actually building factories—to be government owned but leased to private companies for operation. Large amounts also will go into construction of aluminum and magnesium plants to turn out the bomber materials. Machine tools have been promised \$200,000,000.

Besides financing defense factories, Jones' agencies are buying huge stocks of rubber, tin, manganese, copper, tungsten, chromium and other strategic materials. These are being sought in such huge quantities that the nation will have enough on hand to run for long periods in case a war ever cuts off foreign supplies.

Army Itinerary

Mobile Recruit Unit To Tour Valley

BROWNSVILLE—Sgt. Edward J. Volkman, local army recruiting officer, announced Friday his itinerary for next week.

On Monday he will be in San Benito from 8 to 11 a. m. and will be in Harlingen from noon to 4:30 p. m. On Wednesday he will be in Rio Hondo from 8 to 10 a. m., in La Feria from 10:30 a. m. to 2 p. m. and in Donna from 2:30 to 5 p. m. On Friday he will be in Mercedes from 8:30 to 11:30 a. m. and in McAllen from 12:30 to 5 p. m.

The recruiting official announced that he would be at the post office building in the towns he will visit and urged any youths interested in joining any branch of the U. S. army or air corps to get in touch with him while he is in their respective towns.

James D. Hammett, Santa Rosa, left Brownsville Friday night for Kelly Field where he will be enlisted for a three-year period.

Model 'Texan' Home In Willacy Is Sold

RAYMONDVILLE—The "Texan," the new home in Lee Heights built by the Temple Lumber Company in observance of Texas Home Building Week, has been purchased by John Holder.

The home, built to meet FHA specifications, is opened for inspection the first week in June. The holders will move on Saturday.

NEW CHOIR DIRECTOR
SAN JUAN—H. D. Munal has been selected as the new director of the People's Church choir. With the musical ability of Mr. Munal, the choir is destined to make progress under his able leadership.

Sisterhood Of Serving Suzies May Gang You Come June 23, If You're One Who Tries To Date Waitresses

HOLLYWOOD—(AP)—Do you bully, insult or try to date your waitress? Take heed, brother. The Sisterhood of Serving Suzies is going to gang up on you, come June 23.

That's the date they've set to inaugurate Be Kind To Waitresses Week. Grace E. Smith of Toledo, Ohio, president of the National Restaurant Association, and R. W. Dale of Seattle, president of the Washington state group, will ask the national convention to make it official. The convention opens in Seattle June 23.

The Smith-Dale combine, which must have lent a sympathetic ear to waitresses' wails, offers these tips on kindne

MOTHER HOLDS TOT FROM DEATH IN 40-FOOT WELL

TUPELO, Miss.—(AP)—When her baby fell into 11 feet of water in a 40 foot well, 25-year-old Mrs. Boyd Goodson—who can't swim—plunged in and held the infant afloat until rescuers came.

The mother squeezed through a foot-square opening to go after the two-year-old girl, which she snatched from under the water. Living on her back with feet braced against one side of the concrete shaft and her shoulders against the other, she shook the child until its teeth were restored.

A youth descended and the mother and child were pulled to safety.

ARMY CHANGES RECRUIT RULE

Called Draftees Not To Be Accepted

BROWNSVILLE—New rules and regulations to govern enlistment in the United States Army and air corps were announced here by Sgt. Edward J. Volkman, local army recruiting officer.

Any applicant for enlistment who has received an order from his draft board to report for induction will not be accepted. The applicant, however, may complete a course of not less than 12 weeks in basic training at any replacement center and then apply for a discharge and re-enlist in the regular army. Also any applicant who has been rejected by an induction station will not be accepted.

New educational examination requirements make it necessary that an examination must consist of five required and two optional subjects. The required subjects consist of English composition and grammar, arithmetic, algebra to include quadratics, plane geometry and plane trigonometry. Optional subjects may be chosen from United States history, general history, elementary physics, inorganic chemistry or any modern language except English. Any applicant who can show successful college completion of subjects given in the educational examination may be excused in such subjects and given credit for a grade of 80 per cent in each subject.

Mission Irrigation District To Extend Water To New Lands

MISSION—Don C. Mabie, engineer for Hidalgo County Water Control and Improvement District Six, is preparing plans for extending irrigation facilities from the present northern terminus of the district's facilities to the 1,077-acre tract which has been offered the War Department for an army aviation training base.

Present facilities for irrigation end within a mile of the proposed air base. To extend the system, brick-lined canals will be built to the property line of the tract if it is actually leased by the government, it was explained by L. H. Ramey, manager of District Six.

McAllen To Select Negro School Site

McALLEN—School board members will select a site for the proposed McAllen Negro school at a called meeting next week. Trustees will also exercise the district's option on waiving delinquent tax interest and penalty prior to 1939 under a new state law.

RETURN FROM EAST

MISSION — Mr. and Mrs. E. W. Keyes returned Monday after spending the past two months in New York and Ohio for visits with relatives.

TO SOUTH DAKOTA

SAN JUAN—Mr. and Mrs. Joe Billmeyer and little daughter, Barbara, plan to leave Sunday on a two weeks' vacation, taking them to points in South Dakota.

Walmsley To Head Civilian Defense?

NEW ORLEANS—(AP)—The New Orleans States said Saturday that T. Semmes Walmsley, former mayor of New Orleans, is to be named assistant director of civilian defense for the South with offices in Washington.

Walmsley was elected mayor in 1930, re-elected four years later, and resigned June 30, 1936. He was succeeded by Robert S. Maestri, present mayor.

LEAVE FOR HOMES

SANTA ROSA—Mr. and Mrs. H. G. Hardee of Greydon, Texas, D. A. Hardee also of Greydon, and S. J. Hardee of China, Texas, left Monday night for their respective homes after attending the funeral of their brother, J. R. Hardee of Santa Rosa.

Oklahoma Indians Call Off 1941-Model Uprising

WATONGA, Okla.—(AP)—Cheyenne Indians withdrew from their picket path Saturday night after officials agreed to do what they could to remedy alleged indignities heaped upon them by the postoffice's new mural.

Chief Red Bird, 71-year old leader of the tribe, agreed to call off his 1941-style uprising after a peace pipe conference with the postmaster.

(Okla.) College educated interpreter.

Red Bird was particularly incensed over the portrayal of his predecessor, Chief Henry Roman Nose, who, he grumbled, was made to look like a Navajo.

Red Bird doesn't like Navajos. Squinting at the mural, Red Bird said:

"Chief should wear feathers farther back on head, and not tied on with store-bought string. Breech clout too short, look like Navajo."

The ponies in the picture also came in for a criticism.

"Look like hobby horses with swan necks," complained Red Bird. "Cheyennes like spotted ponies."

Roman Nose's baby looks like stumpy pig cornmeal bloated. Roman Nose had fine boys. Our chief wearing Navajo clothes. No good. It stinks."

His original band of pickets was augmented during the day by several other braves including Whiteface Bull and James Walking Coyote.

Tepee On Lawn

Postmaster Clarence Knappenberger, who had appealed to Mayor A. E. Goerke without success, to have the pickets removed, was freshly aroused when a tepee was planted without permission on the post office lawn. But after a peace pipe conference, he agreed to transmit their protest to the

proper authorities in Washington.

The mayor said he was in sympathy with the Cheyennes' action. "They, by their picketing," he said, "are not holding up any national defense contracts, so I'm for them 100 per cent."

Red Bird hopes that the "White Father President" will read of the Cheyenne "Indian injustice and put a longer breech clout on Roman Nose."

Miss Mahier declined to comment on the picketing but explained that she had a great respect for the Cheyennes.

By winning the post office mural competition she earned \$560 for her artistic effort.

"I entered the competition

7th Bismarck Aide Is Sunk By British

LONDON—(AP)—The admiralty announced Saturday that British warships have sunk the seventh German battleship Bismarck.

In all, six auxiliary ships and one armed trawler of the Nazi raider Bismarck have been sunk since the battleship was cornered by British warships off Brest, France, May 27, and sent to the bottom three days after she sank the British battleship Hood.

mainly because few Oklahoma artists were participating and they were sending out this way eastern artists who were putting English saddles on Indian ponies. At least I didn't do that," she said.

Horseback riding is a sport much enjoyed by San Benito girls (lower center) who have been accustomed to riding since they were quite small. Three of the group, snapped on an early summer morning near the picturesque scenic resaca are Mary Lou Sweeney (left) Olive Helen Polly and Mary Minta Polly. Mary Lou is the daughter of Mr. and Mrs. James W. Sweeney, and Olive and Mary are daughters of Mr. and Mrs. A.M. Hervey. The three girls left last week-end with a party who will spend a month in a summer cottage near Kerrville. (Photo by Purnell.)

Martha Dean Ramsey (lower right), daughter of Mayor and Mrs. Hugh Ramsey of Harlingen, left Wednesday for Kerrville where she will spend a month or so at Camp Mystic. She visited in San Antonio for a few days before going to camp. Next fall Miss Ramsey will begin her senior year in Harlingen high school. (Holbrook Studio.)

One of the very popular members of the 1941 class recently graduated from San Benito high school is Ann Stanley (lower left), daughter of Mr. and Mrs. Leigh E. Stanley, and granddaughter of Mrs. A. B. Marchbanks of San Benito. Miss Stanley has lived in San Benito all her life. (Holbrook Studio.)

Two Guests Are Honored With Coffee

MISSION—A charming climax to the series of compliments extended Mrs. B. W. Quinn of San Antonio and Mrs. Ada B. Henderson of Waco, was the coffee given Friday morning at the Cactus Tea Room when hostesses were Mrs. H. C. Jeffries, Mrs. T. M. Melden and Mrs. Roy P. Conway. The visitors, who were guests of their sister, Mrs. T. W. Nethery, and Mr. Nethery, for ten days, left Friday closing a gay round of social affairs extended them.

An effective arrangement of white flowers created a refreshing summer time touch in the center of the coffee table. Placed in a flat blue crystal bowl were tropical water lilies, carnations and gardenias, all in white. Mrs. L. G. Plyler and Mrs. Nethery presided at the services at either end of the table.

About the rooms, roses in pastel colors and shasta daisies continued the summer floral theme.

About 35 guests were received with Mrs. Ivan Treat of Washington, D. C., the only out-of-town guest except the two honorees.

Wilva Scott, Bride-Elect, Is Honored By Shower

SANTA ROSA—The lovely lawn of the country home of Mr. and Mrs. Tony Magdalena near Santa Rosa was the setting for a bridal shower Thursday afternoon from four to six honoring Miss Wilva Scott, younger daughter of Mr. and Mrs. W. R. Scott of Santa Rosa. The lawn had its natural beauty further enhanced with shasta daisies and lacy fern arranged in tall wicker baskets and pottery bowls. The gifts were uniquely placed in an arrangement at one end of the lawn. The arrangement was a replica of the age-old story of the "pot of gold at the end of the rainbow"—the gifts being arranged in huge "gold" baskets at the ends of the artistically made rainbow.

Mrs. Clifford Scott of Weslaco, cousin of the honoree, gave a clever reading entitled "The Negro Wedding." Miss Lillian Rack of Santa Rosa sang two solos, "Over the Rainbow" and "I Love You Truly," after which the honoree was led to the end of the Rainbow to find her "pots of gold."

The refreshment table, centered at one end of the lawn, was laid with exquisite linen with lovely cut-work. Mrs. H. B. Patterson poured punch from a crystal bowl embanked with fern. Other dainty refreshments of nuts, cookies, and sandwiches were arranged on the table.

Miss Elizabeth Scott, sister of the honoree, presided at the guest book. She was attired in a navy flowered print of sheer crepe. The honoree wore a navy crepe suit trimmed with white pique, and her mother also wore navy trimmed with white.

Many lovely gifts of silver, crystal, china, and linens were received. The honoree, a teacher the past year in the Hutto School system, will be married Saturday night at 7:30 at the First Baptist Church at Santa Rosa to Stewart Evans of San Marcos. The couple will reside in San Marcos.

Hostesses for the lovely occasion were Mesdames Tony Magdalena, H. B. Patterson, Burdette Patterson, Mon James and Troy Bookout.

Wedding In Mississippi Is Of Interest In Valley

MISSION—A wedding solemnized Wednesday afternoon in Ocean Springs, Miss., claimed wide interest in the Valley as well as Mississippi, uniting in marriage Miss Margaret Lewis Lemon, daughter of the late Mr. and Mrs. James K. Lemon of Ocean Springs, and Ernest Wilder Halstead Jr., son of Mr. and Mrs. E. W. Halstead, Sr., of Mission. Hosts of friends of the young couple and their families gathered for the wedding in the First Presbyterian Church of Ocean Springs with the pastor, Rev. W. T. McInnis, reading the vows.

The church was adorned with white gladioli, shasta daisies, Queen Anne's lace and lacy fern. The altar was banked with fern and illuminated with white tapers burning in tall white standards.

Miss Berna Deane Wulff of New Orleans who sang "Because" and "A Fragment" was accompanied by Miss Isabel Hodges. Miss Hodges also played the wedding marches, using the bridal march from Lohengrin for the processional and Mendelssohn's "Wedding March" for the recessional.

The bride entered with her brother, J. K. Lemon. Her wedding costume was a street-length redingote model of white sheer over white satin fastened with buttons of the same material. The three-quarter length sleeves were full. She wore a pleated white turban with a veil. White accessories completed the ensemble. Her corsage was one white orchid worn on her shoulder.

Miss Sara Lemon was her sister's maid of honor. Her gown was cut redingote style of blue sheer over blue satin. Her hat was of blue grosgrain ribbon and her corsage of golden yellow roses.

Theodore Bechtel was Mr. Halstead's best man. Ushers were Ray Soulesy, Edwin Snyder, Verne Pabst and William Lemon, the latter a brother of the bride.

After the ceremony, a reception was held at the bride's home. Pastel gladioli formed the background for the receiving line and decorations for the home. Receiving with Mr. and Mrs. Halstead were her sisters, Misses Sara Bliss and Elizabeth Lemon and Mrs. J. K. Lemon.

Out of town guests who attended the wedding and reception were Miss Jane Halstead of Mission and Bryan, sister of the groom; Mrs. George Kalmbach and daughter, Adrienne, Mrs. Logan, Mrs. Irene Buck and daughter, Emma Louise, all of Shreveport, La.; Mrs. J. T. Doswell, Mrs. Menard Doswell, aunt of the groom; of New Orleans; Mrs. Gordon Stewart and daughter, Catherine of Jackson, Miss; Mrs. W. E. Wood, Mrs. J. H. Stone, Mr. and Mrs. J. J. Hessler, Mr. and Mrs. A. Lemasson, Miss Lena Lemasson, Mrs. Maybelle Achee, Mrs. Kirby McVain, Mrs. Albert Brown, Mrs. M. Woodcock, all of Gulfport, Miss.

Since early childhood, Mr. Halstead has lived in Mission, coming with his parents from Ocean Springs. He and his bride were childhood sweethearts. He is a graduate of Mission High School and attended Edinburg Junior College. He is a clerk in the Mission post office and active in civic and church organizations. His bride received her education in Ocean Springs where she is a member of an old family of that section.

After June 15, Mr. and Mrs. Halstead will be at home at 1210 Oblate Avenue, Mission.

Valley Man Married In Kingsville Ceremony

MISSION — A ceremony of impressive beauty read Saturday, June 7, in Kingsville uniting in marriage a Kingsville girl and a Valley man claimed interest throughout South Texas and particularly in the Upper Valley. Miss Leverage Wilkinson, daughter of Mr. and Mrs. William Lane Wilkinson of Kingsville, became the bride of Claud Garner West of Mission, son of Mrs. W. F. West and the late Mr. West of Bishop, with the First Baptist church of Kingsville providing the setting. The Rev. J. Kelly Simmons pastor of the church read the marriage vows.

The altar was illuminated with white tapers burning in tall white candelabra. White gladioli, jasmine stock and gardenias, arranged with woodwardia fern in white standards gave further decoration. Pews for the families were marked with clusters of gardenias tied with white satin ribbons.

Mrs. J. V. Chandler, pianist, played for the vocal selections of Mrs. J. R. Manning, "Love Songs" by Cadman and "Veneration Love Songs" by Nevins. She played the wedding marches, "Liebestraum" Listz and Schubert's "Serenade."

The brides gown of white silk net was fashioned with a tight basque bodice, pointed in front and full across the bust. The short, puffed sleeves were covered with ruffles of self-material. The skirt extended into a long train and was edged with three rows of ruffles. Her veil, which covered the face, was caught to the headpiece of pearls in tiara effect, with the veil extending beyond the train of the skirt. She wore a handsome gold locket, the gift of the bridegroom, and carried an imported lace handkerchief which was her mother's. Her shower bouquet was fashioned of gardenias, white roses, and bouvardia, tied with a maline bow. Mr. Wilkinson gave his daughter in marriage.

Miss Virginia Lee of Waco, cousin of the bride, was her maid of honor. Bridesmaids were Miss Billie Brooks Graul, McAllen, niece of the groom; Miss Florence Collins, Kingsville; Miss Jessie Marie Oatman, and Mrs. Lonnie F. Rpie, both of Corpus Christi. Miss Lee's frock of powder blue matched a design those of dusty pink worn by the bridesmaids. Their picture hats of horsehair braid were in colors to match their frocks. They carried bouquets of pink peonies and blue delphinium and wore bracelets which were gifts of the bride.

Otis West of Kingsville, brother of the groom, was his best man. Groomsmen were L. Leslie M. Thompson, San Antonio, cousin of the bride; Bill Marler, Kingsville; Lonnie F. Price and Tom Simons, III, both of Corpus Christi.

The bride's mother was attired in aqua blue crepe and the groom's mother wore a powder blue sheer. Mrs. Wilkinson wore a corsage of salmon pink gladioli and Mrs. West one fashioned of pink rosebuds. More than 150 guests attended the reception given in the garden of the bride's parents' home after the ceremony. Baskets of white gardenias and white gladioli added a decorative touch to the natural beauty of the setting.

Candles were set in hurricane lamps to illuminate the bride's table which was covered with lace and decorated with gardenias. The three-tiered bride's cake was decorated with spun sugar roses and calla lilies and topped with a tiny arch from which hung silver wedding bells.

Mrs. Harry R. Pearson, of Dallas, who served the wedding cake, was assisted by Mrs. M. C. Belding, Waco, cousin of the bride; Miss Inez Hooks, Tulare, Calif., cousin of the bride; Mrs. Lee Spearman and Mrs. Fred T. Lee, both of Waco, two other cousins. Others in the house party were Mrs. W. E. Hopkins, Mrs. R. S. Muil, Mrs. Polly C. and Mrs. Joe C. Brown, Kingsville.

The bride wore a redingote ensemble of powder blue with a white straw hat and matching accessories for the wedding trip to Mexico. Her shoulder corsage was of gardenias. After June 15, Mr. and Mrs. West will be at home in Mission at 1328 St. Marie Avenue.

Mrs. West received her public school education in Kingsville and her college education at T.S.C.W. Denton, where she received her B.S. degree with a major in speech in 1938. She is a member of the American Association of University Women. Mr. West attended the College of Arts and Industries, Kingsville. He came to Mission recently to establish the Western Auto Supply Store of which he is manager.

Out of town guests include Mr. and Mrs. Brooks Graul, McAllen, and Mrs. Carl T. Van Way, Edinburg, sisters and brothers-in-law of the groom; Mrs. George Levite, Apache, Okla., another sister; Mr. and Mrs. H. B. Holloway, Corpus Christi; Mrs. E. J. Webb, Waco, and Mrs. Bert Thompson, Katy, aunts of the bride, and Mr. Thompson; Mr. and Mrs. J. M. Hooks, Tulare, Calif., aunt and uncle of the bride, and those in the house party.

Seminar At Kingsville Enjoyed By Club Women

HARLINGEN — Mrs. P. G. Greenwood returned Saturday from Kingsville, where she attended Latin-American seminar of the Fifth District Federation of Women's Clubs held at Texas A. and I. College, July 9-12.

Mrs. Greenwood reported 19 towns were represented with 115 delegates registered. The Kingsville Women's Club had largest representation present with eight delegates.

The seminar was successful, Mrs. Greenwood said, leading to a better understanding of relations among countries of the western hemisphere. One of the outstanding talks was that given by Mrs. Hamilton of Laredo at the banquet on Tuesday evening.

Panel discussion on "Factors Affecting Inter-American Solidarity," led by Dean J. E. Connor of the college was especially interesting and informative. L. F. Connell of the economics department at the college, led discussion of the economic phase; Dr. J. A. Rickard of the history department, the diplomatic phase; and Dr. J. D. Smith of the language department, the military and naval phase.

An eye opening contribution to the discussion was the talk given by Dr. Frank Dotterweich on "International Oil and its Role in the Present War." Other splendid talks were given by Mrs. Pauline Goode of the college on "Customs, Manners and Social Life in Latin America," and by young Bob Sawtell of San Antonio on "The Place of Youth in Hemispheric Solidarity."

Two outstanding entertainment contributions were given by visitors from the Valley. Music of the Americas being given by Mrs. G. Garabedian, violinist, Brownsville, accompanied by Miss Virginia Perry, Harlingen; and Mrs. James Ward, San Benito, singing Mexican songs, accompanied by Mrs. Coldmarry, San Benito.

The A. and I. College and Kingsville club women were generous in their hospitality. Mrs. Greenwood reported, offering visiting women an enjoyable vacation in addition to a period of helpful study.

Early Days Reviewed At Meeting

MISSION — Days of "way back when" there were no paved roads, no power lines and very few modern conveniences were recounted Thursday night as five early residents presented a feature of the entertainment at the spring meeting of the Mission Pioneer Club, held in the Legion Hall. Other entertainment numbers were featured in a program introduced by Mrs. Arnold J. Shary, program chairman. Preceding the program, a "basket supper" was served. Attending the meeting were approximately 75 pioneer citizens and their families. Actual membership in the club is limited to those who have been residents of the section since prior to 1914.

Life in the early days had its novel and exciting experiences, a series of three-minute talks by five pioneers indicated. Presented by Mrs. Leon H. Brown, the pioneers and the respective year they arrived in the Valley, were: J. F. Vandervort, 1907; Will McShane, 1908; O. S. Perkins and T. A. Humanson, 1910; and Glenn Ratcliff, 1909. The latter, who was born in 1909, told of the experiences of growing up in the pioneer village. F. W. Dooley, another early settler, acted as time-keeper.

Entertainment numbers introduced by Mrs. Shary included costume dance numbers by Anne Smith, accompanied by her mother, Mrs. M. Smith; readings by Dixie Lee Goble; vocal solo selections by Miss Davis Jean Ewing and Tom Humanson; cornet solo by Cuco Garza and group singing of patriotic songs by the assembly. Mrs. Shary accompanied Miss Ewing and Mrs. T. A. Humanson accompanied her son.

F. C. Whitley, president, directed the business meeting when plans for carrying on club activities were mapped. A Memorial service for those members and old timers who have passed on during the year will be held late this month, it was planned. Mrs. Shary was named to be in charge of the service.

Club Has Meeting With Mrs. Wilson

PHARR — Mrs. J. W. Wilson was hostess for a meeting of the North Alamo-Pharr Sunshine Club at her home Thursday afternoon. A profusion of summer flowers were used to grace the rooms, giving a pleasing summer effect.

Next meeting of the club will be on July 10 at the home of Mrs. Vance Davis in McAllen.

In the social hour that was enjoyed, refreshments were served to Mrs. W. R. Walters, Mrs. Geo. Chorpeng, Mrs. N. S. Sellers, Mrs. Fred Pippin, Mrs. Elmer Schalgel, Mrs. Merritt, and Mrs. Wilson.

Improvement Seen In Making Cakes

RAYMONDVILLE — "There has been a marked improvement in the making of cakes since the first of the year," said Mrs. Hazel Martin, county Home Demonstration agent on Wednesday morning, who has been scoring butter cakes, sponge cakes and cookies, the past several weeks.

Boiled icing which has been the members' Waterloo has been conquered at last. With the aid of Mrs. Martin, the correct recipe and temperature have been worked out for this climate, and will prove entirely satisfactory to the most fastidious taste.

A temperature of 242 degrees is required for two-and-a-fourth cups sugar, half cup corn syrup, fourth teaspoonful salt, half cup water, teaspoonful vanilla. Cook this to 242 degrees, and you will have made a perfect boiled icing.

Nordrum-Colburn Rites Are Held In Minnesota

WHITE BEAR LAKE, Minn. — A beautiful wedding was solemnized here Saturday at 8:30 p.m. at the Chalet, when Mrs. Edythe Virginia Nordrum of this city was united in marriage to Alva Colburn of San Juan, Texas, the ceremony being performed by Rev. Floyd Laurensen, pastor of the First Lutheran church. The vows were taken before an improvised altar. The bride was given in marriage by her brother, Albert Nordrum, Ferdinand Nordrum, eldest son of the bride, was best man, and Miss Helen Filchbrown played Lohengrin's wedding march and Miss Naomi Holmen, soloist, and niece of the bride, sang "Because" and "At Dawning."

The Chalet is the oldest house in White Bear, a massive structure, and quite appropriate for social functions. It is of strictly English design, having a balcony overlooking the spacious living room, which at one end continues into a winding stairway.

The ceremony was in the form of a candle-light service on an English trend, even to the wedding ring which was especially made by the groom's son in Austin, Texas. Candles were placed at every fifth post, blending in with the altar candleabras. The background of the altar was banked with ferns and two five-foot baskets of white gladioli and larkspur.

The ushers were Messrs. John Holmen, Jr., Roland Peterson, Carroll Erdman, and Frederic Lineer. The bride wore pale blue marquisette over satin, and a shoulder veil of the same hue, caught with blue forget-me-nots, and carried white calla lilies and sweet peas.

Frances Ogren, sister of the bride and matron of honor, wore pale pink marquisette, and carried pink roses and blue larkspur. Mrs. Cathrine Jackson, bridesmaid, wore pale lavender and carried talisman roses and larkspur. Mabel Norquist, sister of the bride, a bridesmaid, wore pale yellow and carried roses and larkspur.

Joan and Faith Vinnies, five-year-old twin cousins of the bride, wore the little flower girls. They wore floor-length dresses made of pink taffeta. Their flower baskets were of pink and white sweet peas. Following the ceremony, a reception was given. The bride's going-away dress was of beige with white accessories.

After a brief honeymoon the newly weds will go to San Juan where they will reside at the groom's country home near that city. Mr. Colburn is engaged in the growing and marketing of grapefruit and oranges.

'MARCH OF TIME' DEPICTS CHINA'S ALL-OUT STRUGGLE TO SAVE DEMOCRATIC WAY OF LIFE

Bud Abbott and Lou Costello and the Andrews Sisters, who were seen in the sensational comedy hit "Buck Private," are back again with a new musical comedy "In The Navy," which is booked for showing Thursday, Friday and Saturday at both the Capitol Theatre in Brownsville and the Arcadia Theatre in Harlingen.

Jean Arthur in her latest comedy romance "The Devil And Miss Jones," which is booked for current showing today and Monday at both the Capitol Theatre in Brownsville and the Arcadia Theatre in Harlingen. The featured supporting cast includes Robert Cummings and Charles Coburn.

Constance Moore, Ray Milland, Veronica Lake and William Holden in "I Wanted Wings," showing today, Monday and Tuesday at the Palace Theatre in McAllen.

JAPAN'S ARMY TURNED BACK

U.S. Vast Resources Are Mobilized

How China's 400 million people are today only just beginning to fight the invading armies of Axis-Partner Japan is shown in the latest March of Time film, "China Fights Back," which is booked for showing Tuesday and Wednesday at both the Capitol Theatre in Brownsville and the Arcadia Theatre in Harlingen.

The film, which includes material that has just arrived in the U.S. from China's new capital at Chungking, deep inside the mountainous interior of the country, shows in detail how the Chinese General Staff is today mobilizing the full manpower and industrial resources of China for a new struggle to drive out the invading Japanese armies.

Under Generalissimo Chiang Kai-shek, the first man in 800 years big enough to unify and direct the tremendous energies of the Chinese people, China was well on the road toward becoming an exemplary democratic nation when the war began.

In "China Fights Back," the Chinese people are today continuing their all-out effort to preserve their national independence and their free and democratic way of life.

Jean Arthur And Robert Cummings Are Starred In Romantic Comedy

'Devil And Miss Jones' Is Riotous Hit

Jean Arthur and Robert Cummings are co-starred in the hilarious comedy romance, "The Devil and Miss Jones," showing today and Monday at both the Capitol Theatre in Brownsville and the Arcadia Theatre in Harlingen. Charles Coburn heads the featured supporting cast as a multi-millionaire whose riotous efforts to solve a personnel dispute motivate the unusual plot.

Miss Arthur plays the role of a clerk in a department store in which the employees are secretly engaged in an attempt to organize into a bargaining unit in the hope of forcing their crusty employer to redress their wrongs.

Coburn secretly takes a job as a shoe clerk in his own establishment and is befriended by Miss Arthur. Through her well-meant and unsuspecting efforts Coburn comes to view his employees in a different light, and at a crucial moment he himself joins the ranks of aggrieved clerks against the store management.

"I WANTED WINGS"
The thrill-laden romance of America's flying youth, "I Wanted Wings," starring Ray Milland, William Holden, Brian Donlevy, Constance Moore and Veronica Lake is to be seen today, Monday and Tuesday at the Palace Theatre in McAllen.

The story is that of the men who battle their way to graduation from the Army Air Corps' training schools, the picture shows them not only as future war birds for Uncle Sam but as flesh-and-blood young men who can get into more than their shares of perplexities. The aviation scenes, filmed at Randolph and Kelly Fields, in San Antonio, are some of the greatest action pictures ever screened.

"MEET JOHN DOE"
"Meet John Doe," Frank Capra's latest film hit starring Gary Cooper and Barbara Stanwyck, is booked

for current showing today and Monday at the Rivoli Theatre in San Benito.

In the typical Capra style, "Meet John Doe" is the story of Americans doing everyday American things and being big about them. Barbara, a newspaper girl about to lose her job, takes a story about a man, and then has to go out and hire Cooper to pose as the man. She works up a movement behind him that gets so big that her political-minded boss tries to use it to suit himself and gets told off by Doe and Company.

Edward Arnold is the boss, Walter Brennan the tramp friend in the cast with Spring Byington, James Gleason, Gene Lockhart, Rod La Rocque, Irving Bacon and Regis Toomey.

"LOVE CRAZY"
William Powell and Myrna Loy are given every opportunity for the uproarious antics which have endeared them to theatre-goers as the screen's most human and amusing team in "Love Crazy," which is booked for current showing today and Monday at both the Ritz Theatre in Weslaco and the State Theatre in McAllen.

In the hilarious story Powell pretends to be mentally unbalanced to prevent his wife, Miss Loy, from divorcing him. But the trouble is that he fools the alienists who take him seriously and want to bundle him off to an asylum.

Then his frantic efforts to prove he isn't crazy make him appear all the crazier. Amid divers bughouse complications he finally extricates himself from his web of deceit, after getting caught in an elevator, chewing up a photograph record, and even impersonating a woman.
